The accompanying proxy is solicited by the Board of Directors of Garmin Ltd., a Cayman Islands company, ("Garmin" or the "Company") for use at the Annual General Meeting of Shareholders (the "Annual Meeting") to be held at 10:00 a.m., Central Time, on Friday, June 7, 2002, at the Ritz-Charles Conference Center, 9000 West 137th Street, Overland Park, Kansas 66221, and at any adjournment(s) or postponement(s) thereof for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Shareholders. This Proxy Statement and the accompanying proxy card are first being mailed to shareholders on or about May 3, 2002.

INFORMATION CONCERNING SOLICITATION AND VOTING

Proposals

At the Annual Meeting, the Garmin Board intends to present (a) the election of two directors; and (b) the appointment of Ernst & Young LLP as independent auditors for the fiscal year 2002 at remuneration to be approved by the Garmin Board. In accordance with the Company's Articles of Association, the Company's audited consolidated financial statements for the fiscal year ending December 29, 2001 will be presented at the Annual Meeting. There is no requirement under the Company's Articles of Association or Cayman Islands law that such financial statements be approved by shareholders, and no such approval will be sought at the Annual Meeting. The Garmin Board knows of no other matters that will be presented or voted on at the Annual Meeting. Shareholders do not have any dissenters' rights of appraisal in connection with either of the proposals.

Record Date and Shares Outstanding

Shareholders of record at the close of business on April 18, 2002 (the "Record Date") are entitled to notice of, and to vote at, the Annual Meeting. At the Record Date, the Company had issued and outstanding 107,787,618 common shares, par value \$0.01 per share ("Common Shares").

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Company a written notice of revocation or a fully executed proxy bearing a later date or by attending the meeting and voting in person.

Solicitation of Proxies

The cost of soliciting proxies will be borne by the Company. In addition to soliciting shareholders by mail and through its regular employees not specifically engaged or compensated for that purpose, the Company will request banks and brokers, and other custodians, nominees and fiduciaries to solicit their customers who have shares of the Company registered in the names of such persons and will reimburse them for their reasonable, out-of-pocket costs. The Company may use the services of its officers, directors and others to solicit proxies, personally or by telephone, facsimile or electronic mail, without additional compensation.

Voting

Each shareholder is entitled to one vote on the proposals presented in this Proxy Statement for each share held. There is no cumulative voting in the election of directors. The required quorum for the transaction of business at the Annual Meeting is a majority of the Common Shares issued and outstanding on the Record Date. The affirmative vote of a majority of the Common Shares represented and voting at the meeting in person or by proxy is required for the election of directors and the appointment of the independent auditors.

Absentions and Broker Non-Votes

Pursuant to Cayman Islands law, (i) shares represented at the meeting whose votes are withheld on any matter, (ii) shares which are represented by “broker non-votes” (i.e., shares held by brokers or nominees which are represented at the meeting but with respect to which the broker or nominee is not empowered to vote on a particular proposal) and (iii) shares which abstain from voting on any matter are not included in the determination of the shares voting on such matter but are counted for quorum purposes.

How Shareholders Vote

Shareholders holding Common Shares in their own names on the Record Date (“Record Holders”), persons (“Plan Participants”) holding Common Shares on the Record Date through the Garmin International, Inc. Savings and Profit Sharing Plan (the “401(k) Plan”) and investors (“Broker Customers”) holding Common Shares on the Record Date through a broker or other nominee, may vote such shares as follows:

Common Shares of Record

Record Holders may only vote their shares if they or their proxies are present at the Annual Meeting. Record Holders may appoint as their proxy the Proxy Committee, which consists of officers of the Company whose names are listed on the Proxy Card. The Proxy Committee will vote all Common Shares for which it is the proxy as specified by the shareholders on the Proxy Cards. A Record Holder desiring to name as proxy someone other than the Proxy Committee may do so by crossing out the names of the Proxy Committee members on the Proxy Card and inserting the full name of such other person. In that case, the Record Holder must sign the Proxy Card and deliver it to the person named, and the person named must be present and vote at the Annual Meeting.

If a properly executed and unrevoked Proxy Card does not specify how the shares represented thereby are to be voted, the Proxy Committee intends to vote such shares for the election as directors of the persons nominated by the Company’s Board of Directors (“Board Nominees”), for approval of the appointment of Ernst & Young LLP as independent auditors at remuneration to be approved by the Board of Directors, and in accordance with the discretion of the Proxy Committee upon such other matters as may properly come before the Annual Meeting.

Common Shares Held Under the 401(k) Plan

Plan Participants may on the voting instructions card instruct the trustees of the 401(k) Plan how to vote the shares allocated to their respective participant accounts. Common Shares for which inadequate or no voting instructions are received generally will be voted by the trustee in the same proportion as those shares for which instructions were actually received from Plan Participants. The trustee of the plan may vote shares allocated to the accounts of the participants either in person or through a proxy.

Common Shares Held Through a Broker or Other Nominee

Each broker or nominee must solicit from the Broker Customers directions on how to vote the Company's shares, and the broker or nominee must then vote such shares in accordance with such directions. Brokers or nominees are to forward soliciting materials to the Broker Customers, at the reasonable expense of the Company if the broker or nominee requests reimbursement. Most broker-dealers are members of the National Association of Securities Dealers, which generally does not allow them to vote shares held in street name unless they are permitted to do so under the rules of a national securities exchange to which they belong. Under the rules of the New York Stock Exchange ("NYSE"), NYSE member brokers who do not receive instructions from beneficial owners are entitled to vote on the proposals presented in this Proxy Statement. If you do not vote your shares held in street name and your broker does not vote them, those shares will have no effect on the outcome of any matter voted on at the Annual Meeting.

Revoking Proxy Authorizations or Instructions

Until the polls close (or in the case of Plan Participants, until the trustee of the 401(k) Plan votes) votes of Record Holders and voting instructions of Plan Participants may be recast with a later-dated, properly executed and delivered Proxy Card or, in the case of Plan Participants, a voting instruction card. Otherwise, shareholders may not revoke a vote, even by attending the Annual Meeting, unless, (a) in the case of a Record Holder, a written revocation is delivered to the Corporate Secretary of the Company at any time before the Chairman of the Annual Meeting closes the polls; (b) in the case of a Plan Participant, the revocation procedures of the trustee of the 401(k) Plan are followed; or (c) in the case of a Broker Customer, the revocation procedures of the broker or nominee are followed.

Attendance and Voting in Person at the Annual Meeting

Attendance at the Annual Meeting is limited to Record Holders or their properly appointed proxies, beneficial owners of Common Shares having evidence of such ownership, and guests of the Company. Plan Participants and Broker Customers, absent special direction to the Company from the respective 401(k) Plan trustee, broker or nominee, may only vote by instructing the trustee, broker or nominee and may not cast a ballot at the Annual Meeting. Record Holders who have not appointed a proxy, or who have revoked the appointment of a proxy, may vote by casting a ballot at the Annual Meeting.

STOCK OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

As of the Record Date, the Company had outstanding 107,787,618 Common Shares. The following table sets forth information as of the Record Date concerning the beneficial ownership of Common Shares by: (i) beneficial owners of Common Shares who have publicly filed a report acknowledging ownership of more than 5% of the number of outstanding Common Shares; (ii) the directors and certain executive officers of the Company; and (iii) all of the Company's executive officers and directors as a group. Beneficial ownership generally means either the sole or shared power to vote or dispose of the shares. Except as otherwise noted, to the Company's knowledge the holders have sole voting and dispositive power. No officer or director of the Company owns any equity securities of any subsidiary of the Company.

Except as set forth below, no fees were paid during 2001 to any director or Named Executive Officer (as defined herein) of Garmin for service on any board of directors of any subsidiary of Garmin.

The Outside Directors (those directors who are not officers of, and not otherwise employed by Garmin or its subsidiaries) are paid an annual retainer of \$10,000. In addition, the Outside Directors are paid \$1,000 for each Board meeting attended in person or \$350 for attending a Board meeting by teleconference. For each committee meeting convened separately from a Board meeting, the Outside Directors are also paid \$1,000 for each committee meeting attended in person or \$350 for attending by teleconference. The Chairman of the Audit Committee receives an additional annual fee of \$3,000, and the Chairman of the Compensation Committee receives an additional annual fee of \$1,500. If an Outside Director first joins the Board at a time other than the Annual Meeting, he or she will receive a pro-rata grant for that year. The per-share option price will be 100% of the fair market value of a share on the grant date. The option will vest in equal installments over three years, subject to acceleration in the event the Outside Director terminates his or her directorship on account of death, disability or an involuntary termination within one year after a change of control of Garmin. These options will have a term of 10 years, subject to earlier termination on certain terminations of the director's service on the Board.

In 2001 each Outside Director received an automatic grant of options to purchase 2,313 of the Company's Common Shares.

Under Taiwan banking practice, the directors of a company are generally required to personally guarantee the company's loans and mortgages. During fiscal year 2001, Dr. Kao and Mr. Burrell, as directors of Garmin Corporation, each received compensation from Garmin Corporation in the amount of \$49,556 for their personal guarantees of Garmin Corporation's obligations. As a supervisor of Garmin Corporation, Mr. Ruey-Jeng Kao was also required to personally guarantee Garmin Corporation's loans and mortgages and during fiscal year 2001 received compensation from Garmin Corporation of \$49,556 for such personal guarantee.

EXECUTIVE COMPENSATION MATTERS

Compensation Committee Report on Executive Compensation

Compensation Principles

The Compensation Committee's executive compensation philosophy is based on the belief that fair, reasonable and competitive compensation is essential to attract, motivate and retain highly qualified and industrious executives. In executing its compensation policy, the Compensation Committee seeks to relate compensation with the Company's financial performance and business objectives and reward high levels of individual performance while adhering to the philosophy established by the Company's founders which is to foster a team environment where executive compensation is fair and equitable but not disproportionate relative to that of other employees.

Executive Compensation Program

The compensation of the Company's executive officers consists of three principal elements: base salary, cash bonus and awards under the 2000 Equity Incentive Plan. In determining the annual base salaries for the Company's executives for 2001, the Compensation Committee reviewed the contribution of each executive along with that of the Company's non-executive key employees. In determining the annual base salaries, cash bonuses and stock option awards for executives other than Dr. Kao and Mr. Burrell, the Compensation Committee considered the recommendations of Dr. Kao and Mr. Burrell and each executive's position, skills, responsibilities, achievements and tenure with the Company.

Cash bonuses are tied to the Company's achievement of its goals and objectives and the contribution of the executive to such achievements.

Executive officer compensation also includes long-term incentives afforded by options to purchase shares of the Company's Common Shares pursuant to the 2000 Equity Incentive Plan. The purposes of the Company's 2000 Equity Incentive Plan are to strengthen key employees' commitment to the success of the Company, to stimulate employee efforts on behalf of the Company, and to help the Company attract new employees with skills which are in high demand and retain existing key employees. Although the plan also permits the award of restricted shares, bonus shares, deferred shares, stock appreciation rights, performance units and performance shares, no such awards have been made under the plan. Awards of stock options during the year under the Company's 2000 Equity Incentive Plan are made at the then current fair market value of the Company's Common Shares as quoted on the Nasdaq National Market. Making the awards at the then current fair market value ensures that the options only become valuable upon the continued appreciation of the Company's share price. Messrs. Etkind, Kelley and Rauckman received stock option grants in 2001 based upon their contribution to the Company's long-term growth and profitability.

Co-Chief Executive Officers' Compensation

A base salary of \$181,571 for each of Dr. Kao and Mr. Burrell was determined in the same manner as the salaries of the Company's other executive officers. No options or cash bonus were awarded to Dr. Kao or Mr. Burrell since each has a significant ownership interest in the Company and, therefore, already has a motivation to maximize shareholder value.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits a public company's deduction for federal income tax purposes of compensation expense in excess of \$1 million paid to the executive officers named in the company's summary compensation table. Performance-based compensation which meets the requirements of Section 162(m) is excluded from the compensation subject to the \$1 million deduction limitation. The Company believes it has taken the steps required to exclude from calculation of the \$1 million compensation expense limitation

any performance-based awards granted under the 2000 Equity Incentive Plan to the executive officers listed in the Summary Compensation Table of this Proxy Statement.

Employment Agreements

Garmin does not have employment agreements with any of its key personnel.

Other Compensatory Plans

Garmin and its subsidiaries maintain compensation plans for certain of their officers and employees. Certain of those plans have vesting provisions under which the plan participants do not have the right to receive all of the plan benefits allocated to their accounts until certain conditions have been satisfied. Described below are the portions of those plans in which the accounts of the officers named in the summary compensation table become vested as a result of their retirement from or termination of employment with the Company or a change in control of the Company.

Pension Plan

Effective January 1, 1990, Garmin International, Inc. established a retirement plan called a "money purchase pension plan" (the "Pension Plan"). An employee of Garmin International, Inc. automatically becomes a participant in the Pension Plan as of the first January 1 or July 1 after he or she reaches age 21 and completes three months of service. All contributions to the Pension Plan are made by Garmin International, Inc. Garmin International, Inc.'s contribution for each participant is equal to 3% of each participant's eligible compensation up to 20% of the Social Security taxable wage base, plus 6% of each participant's eligible compensation in excess of 20% of the Social Security taxable wage base. For 2001, the Social

Security taxable wage base was \$80,400, but this amount is increased from time to time by the Social Security Administration. Participants become vested in their accounts gradually over a seven-year period. Participants become fully vested if they reach age 65, die or become disabled while they are still working for Garmin International, Inc. Participants are allowed to direct the investment of their accounts in a menu of authorized investment alternatives. A participant's account is distributable when the participant terminates employment, retires, dies or becomes disabled. The Pension Plan is intended to qualify under Section 401 of the Internal Revenue Code, so that participants are not taxed on contributions or earnings on those contributions until withdrawn from the Pension Plan, and so that contributions by Garmin International, Inc. are tax deductible when made. The Named Executive Officers, as employees of Garmin International, Inc., are covered by the Pension Plan.

Equity Incentive Plan

Garmin's 2000 Equity Incentive Plan, which was approved by Garmin's shareholders on October 24, 2000, provides for grants of non-qualified stock options and incentive stock options. The 2000 Equity Incentive Plan also provides for grants of restricted shares, bonus shares, deferred shares, stock appreciation rights, performance units and performance shares. Employees of Garmin or any majority owned subsidiary are eligible for awards. The Compensation Committee selects the grantees and determines the terms of the awards granted. Generally, the exercise price of an option and the strike price of a stock appreciation right must be at least the fair market value of a share as of the grant date. The plan provides that vesting of outstanding awards will be accelerated if Garmin terminates the grantee's employment (other than for death, disability or cause) or the grantee terminates the employment because of a diminution in compensation or status or a required move of 50 miles, within one year after a change of control of Garmin.

Savings and Profit Sharing Plan

Garmin International, Inc. sponsors a retirement plan which is sometimes called a "401(k) plan" (the "401(k) Plan") because of the section of the Internal Revenue Code which authorizes this type of plan. Every employee of Garmin International, Inc. is eligible to participate in the 401(k) Plan as of the first January 1 or July 1 after he or she reaches age 21 and completes three months of service. Participants can elect to make pre-tax contributions to the 401(k) Plan from their eligible compensation, up to the limits imposed by law. Participants are fully vested in their pre-tax contributions and earnings on those contributions. In addition, Garmin International, Inc. makes a matching contribution for each participant equal to 75% of his or her pre-tax contributions up to 10% of the participant's eligible compensation. Garmin International, Inc. may also make a profit sharing contribution which is divided among participants based on their compensation. Participants become vested in their matching and profit sharing contributions, and earnings on those contributions, gradually over five years. Participants become fully vested automatically if they reach age 65, die or become disabled while they are still working for Garmin International, Inc. Participants are allowed to direct the investment of their accounts in a menu of authorized investment alternatives. Participants may direct the investment of their accounts up to 100% in Garmin Common Shares. Accounts are distributable when the participant terminates employment, retires, dies, becomes disabled, reaches age 59 ½ or suffers a financial hardship. Participants may also be permitted to request a loan from their 401(k) Plan accounts. The 401(k) Plan is intended to be a tax-qualified plan under the Internal Revenue Code which means that participants are generally not taxed on contributions to the 401(k) Plan or earnings on those contributions until they are withdrawn from the 401(k) Plan, and that contributions by Garmin International, Inc. are tax deductible when made. The Named Executive Officers, as employees of Garmin International, Inc., are covered by this plan.

Certain Relationships and Related Transactions

Reorganization

Garmin was formed on July 24, 2000 as a holding company for Garmin Corporation in order to facilitate the listing of Garmin Common Shares in the United States. Subsequently, the stockholders of Garmin Corporation executed a shareholders agreement to transfer to Garmin Ltd. their investments in 88,984,394 shares of common stock of Garmin

Corporation. Under the shareholders' agreement, shareholders of Garmin Corporation party to the agreement agreed to take all reasonable actions required to prevent the disposition by Garmin of any shares of Garmin Corporation or of substantially all of the assets of Garmin Corporation until after December 31, 2005 except upon approval of a majority in interest of such shareholders who are U.S. citizens or residents.

Until April 15, 2002, one share of Garmin Corporation's stock was held by each of six shareholders as nominees under nominee trusts in order to comply with Article 2 of the Company Law of Taiwan which required that, as a "company limited by stock," Garmin Corporation have at least seven shareholders, and 4,000 shares of Garmin Corporation were held by two shareholders who did not convert their Garmin Corporation shares to Common Shares of Garmin. These 4,006 shares represented approximately 0.004% of the outstanding shares of Garmin Corporation. Taiwan company law was recently changed to remove the requirement that a Taiwan company have a minimum of seven shareholders and to permit single shareholder companies. As of April 15, 2002, Garmin has acquired the 4,000 shares of Garmin Corporation that were held by the two shareholders and the six nominee shareholders have each transferred their one share of Garmin Corporation's stock to Garmin. As a result, Garmin now owns all of the outstanding shares of Garmin Corporation.

Trademarks and Licenses

Some of the Garmin entities' U.S. and foreign trademarks and patents are currently held by Garmin Corporation. Garmin Corporation licenses such trademarks to Garmin International, Inc. and Garmin (Europe) Ltd., but no fee is paid for such licenses.

Certain Relationships

Ruey-Jeng Kao, a director of Garmin, is also a Supervisor of Garmin Corporation. Mr. Kao is currently a partner in the Fortune Land Law Offices which received compensation from Garmin Corporation for legal services during the 2001 fiscal year. The amount paid to this law firm by Garmin did not exceed 5% of the law firm's gross revenues for that firm's last full fiscal year. Mr. Kao is Dr. Kao's brother.

Gene M. Betts, a director of Garmin, is a Senior Vice President of Sprint Corporation. Garmin International, Inc. made payments to Sprint Corporation in 2001 for long-distance telephone services. These payments did not exceed 5% of either Garmin's consolidated net sales for the 2000 fiscal year or Sprint Corporation's consolidated gross revenues for its last full fiscal year.
