## Garmin would like to put you on the map!

Dear Business Owner:

As Garmin continues to develop new products with enhanced mapping capabilities, like our newest marine chartplotter systems and BlueChart® cartography, we would like the opportunity to add your business to our maps.

On many of Garmin's GPS products, customers could see the location of your business on our electronic maps. With some of our products, customers could also view additional information about your store, such as your telephone number, address, services offered, etc. If a Garmin user was looking for fuel, boat repairs, or just a place to eat lunch, they would be able to find your business quickly and easily on their GPS device.

This is a complimentary service, free of charge. If you would like to participate, please fill out the following information request form and send it back to us via one of the methods listed below. If you have more than one facility, it will be necessary to complete a separate form for each location. Please, feel free to include any additional information such as business flyers, photographs, chartlets, or comments you wish to share with us.

- If you have internet access, you can submit this form electronically at:  
<http://www.garmin.com/cartography/bussurv.html>
- If you would like to submit your business information via email or have any questions about survey in general, contact us at [marinas@garmin.com](mailto:marinas@garmin.com).
- By fax, send to 1-913/440.5495, Attn: Cartography Administration
- You may also mail the information back to:  
Garmin Cartography  
1200 East 151<sup>st</sup> Street  
Olathe, KS 66062

Thank you for your time, we appreciate your interest in Garmin products.

We look forward to hearing from you soon.
