The StreetPilot® III from GARMIN brings in-car satellite navigation to an entire market of car owners. This portable automotive GPS unit is the perfect companion for business or vacation travel. The colorful electronic map displays your location along with cities, streets, coastlines and more. Download maps from MapSource™ City Navigator™ CD-ROMs for more detail, address lookup and “find” features. Select a destination and StreetPilot III will calculate a route and display street names and turns while voice prompts tell you when to turn. StreetPilot III.

Portable GPS with turn-by-turn and voice prompts

Leave the navigating to us.
### Moving map features

**Basemap:** Built-in routable basemap (North America and South America) contains state and country boundaries, lakes, rivers, streams, airports, cities, towns, coastlines, state and interstate highways, local thoroughfares and secondary roads within metro areas, federal interstate highway exit information for services such as food, lodging and truck, RV and automotive service stations.
