- Approval of the appropriation of available earnings**
The Board of Directors proposes to the Annual Meeting to approve the appropriation of available earnings as follows:

Proposed Appropriation of Available Earnings: in Swiss Francs ("CHF")	
Balance brought forward from previous years	CHF (223,591,000)
Net earnings for the period (on a stand-alone unconsolidated basis):	CHF 717,889,000
Total net earnings:	CHF 494,298,000

4. **Approval of the payment of a cash dividend in the aggregate amount of U.S. \$2.04 per outstanding share out of Garmin's legal reserve from capital contribution in four equal installments**

The Board of Directors proposes to the Annual Meeting that Garmin pay a cash dividend in the amount of U.S. \$2.04 per outstanding share as follows:

Legal Reserve from Capital Contribution as per December 26, 2015	CHF 5,091,539,000
--	-------------------

Resolutions proposed by the Board of Directors:

- **RESOLVED**, that Garmin, out of, and limited to the amount of, the Dividend Reserve (as defined below), pay a cash dividend in the amount of U.S. \$2.04 per outstanding share¹ out of Garmin's legal reserve from capital contribution payable in four equal installments at the dates determined by the Board of Directors in its discretion, the record date and payment date for each such installment to be announced in a press release² at least ten calendar days prior to the record date; and further
- **RESOLVED**, that the cash dividend shall be made with respect to the outstanding share capital of Garmin on the record date for the applicable installment, which amount will exclude any shares of Garmin held by Garmin or any of its direct or indirect subsidiaries; and further
- **RESOLVED**, that CHF 565,080,000³ be allocated to dividend reserves from capital contribution (the "**Dividend Reserve**") from the legal reserve from capital contribution in order to pay such dividend of U.S. \$2.04 per outstanding share (assuming a total of 208,077,418 shares⁴ eligible to receive the dividend); and further CHF (565,080,000)
- **RESOLVED** that if the aggregate dividend payment is lower than the Dividend Reserve, the relevant difference will be allocated back to the legal reserve from capital contribution; and further
- **RESOLVED**, that to the extent that any installment payment, when converted into Swiss francs, at a USD/CHF exchange rate prevailing at the relevant record date for the relevant installment payment, would exceed the Dividend Reserve then remaining, the U.S. dollar per share amount of that installment payment shall be reduced on a pro rata basis, provided, however, that the aggregate amount of that installment payment shall in no event exceed the then remaining Dividend Reserve.

Legal Reserve from Capital Contribution after Dividend Reserve Allocation	CHF 4,526,459,000
---	-------------------

- (1) In no event will the dividend payment exceed a total of U.S. \$2.04 per share.
- (2) The announcements will not be published in the Swiss Official Gazette of Commerce.
- (3) Based on the currency conversion rate of 0.9861 as of December 26, 2015, with a total of 208,077,418 shares eligible for payout (based on the number of shares issued as at December 26, 2015), the aggregate Dividend Reserve would be CHF 565,080,000. The amount of the Dividend Reserve, calculated on the basis of the Company's issued shares as at December 26, 2015, includes a 35% margin to accommodate (i) unfavorable currency fluctuation and (ii) new share issuance (see footnote 4 below) that may occur between the time when the dividend is approved by shareholders and when the last installment payment is made. Unused dividend reserves will be returned to the legal reserve from capital contribution after the last installment payment.
- (4) This number is based on the registered share capital as at December 26, 2015. The number of shares eligible for dividend payments may change due to the repurchase of shares, the sale of treasury shares or the issuance of new shares, including (without limitation) from the conditional share capital reserved for the employee profit sharing program.

Shareholders Entitled to Vote

April 15, 2016 is the record date (the “Record Date”) for the Annual Meeting. On the Record Date there were 189,053,803 shares (excluding shares held by Garmin or any of its direct or indirect subsidiaries) outstanding and entitled to vote at the Annual Meeting. Shareholders registered in our share register at the close of business, U.S. Eastern Time, on the Record Date are entitled to vote at the Annual Meeting, except as provided below. Any additional shareholders who are registered in Garmin's share register on May 31, 2016 will receive a copy of the proxy materials after May 31, 2016 and are entitled to attend and vote, or grant proxies to vote, at the Annual Meeting. Shareholders not registered in Garmin's share register as

of May 31, 2016 will not be entitled to attend, vote or grant proxies to vote at, the Annual Meeting. No shareholder will be entered in Garmin's share register as a shareholder with voting rights between the close of business on May 31, 2016 and the opening of business on the day following the Annual Meeting. Computershare Trust Company, N.A., which maintains Garmin's share register, will, however, continue to register transfers of Garmin's shares in the share register in its capacity as transfer agent during this period. Shareholders who are registered in Garmin's share register on May 31, 2016 but have sold their shares before the meeting date are not entitled to attend, vote or grant proxies to vote at, the Annual Meeting.

Solicitation of Proxies

The cost of soliciting proxies will be borne by Garmin. In addition to soliciting shareholders by mail and through its regular employees not specifically engaged or compensated for that purpose, Garmin will request banks and brokers, and other custodians, nominees and fiduciaries to solicit their customers who have shares of Garmin registered in the names of

such persons and, if requested, will reimburse them for their reasonable, out-of-pocket costs. Garmin may use the services of its officers, directors and others to solicit proxies, personally or by telephone, facsimile or electronic mail, without additional compensation.

Voting

Each shareholder is entitled to one vote on each proposal presented in this Proxy Statement for each share held. There is no cumulative voting in the election of directors. The required presence quorum for the transaction of business at the Annual Meeting is the presence in person or by proxy of shareholders holding not less than a majority of the shares entitled to vote at the meeting with abstentions, invalid ballots and broker non-votes regarded as present for purposes of establishing the quorum.

A shareholder who purchases shares from a registered holder after the Record Date but before May 31, 2016 and who wishes to vote his or her shares at the Annual Meeting must ask to be registered as a shareholder with respect to such shares in our share register prior to May 31, 2016. Registered holders of our shares (as opposed to beneficial shareholders) on May 31, 2016 who sell their shares prior to the Annual Meeting will not be entitled to vote those shares at the Annual Meeting.

Each of the proposals requires the affirmative vote of a majority of the share votes cast (in person or by proxy) at the Annual Meeting, excluding unmarked, invalid and non-exercisable votes and abstentions.

Members of our Board and members of Executive Management are not allowed to vote on the proposal to discharge the members of the Board and the Executive Management from liability for the fiscal year ended December 26, 2015.

Shareholder ratification of the appointment of Ernst & Young LLP as Garmin's Independent Registered Public Accounting Firm for the fiscal year ending December 31, 2016 is not legally required, but your views are important to the Audit Committee and the Board. If shareholders do not ratify the appointment of Ernst & Young LLP, our Audit Committee will reconsider the appointment of Ernst & Young LLP as Garmin's independent auditor.

The proposal relating to the advisory vote on executive compensation is advisory and non-binding on Garmin. However, the Compensation Committee of our Board will review voting results on this proposal and will give consideration to such voting.

Abstentions and Broker Non-Votes

Pursuant to Garmin's Articles of Association, (i) shares represented at the Annual Meeting which are not voted on any matter and (ii) shares which are represented by "broker non-votes" (i.e., shares held by brokers or nominees which are represented at the Annual Meeting but with respect to which the broker or nominee is not empowered to vote on a particular proposal pursuant to applicable New York Stock Exchange ("NYSE") rules) are not included in the determination of the shares voting on such matter. Therefore, shares represented at the Annual Meeting which are not voted on any matter and shares represented by "broker non-votes" will not be counted toward the determination of the majority required to approve the proposals submitted to the Annual Meeting and, therefore, will not have the effect of a vote against such proposals.

Although brokers have discretionary authority to vote shares of Broker Customers on "routine" matters, they do not have authority to vote shares of Broker Customers on "non-routine" matters under NYSE rules. We

believe that the following proposals to be voted on at the Annual Meeting will be considered to be "non-routine" under NYSE rules and, therefore, brokers will not be able to vote shares owned by Broker Customers with respect to these proposals unless the broker receives instructions from such customers: Proposal No. 5 (discharge of the members of the Board and Executive Management from liability for the fiscal year ended December 26, 2015), Proposal No. 6 (re-election of five directors and election of one new director); Proposal No. 7 (re-election of Chairman); Proposal No. 8 (election of Compensation Committee members); Proposal No. 11 (advisory vote on executive compensation); Proposal No. 12 (binding vote to approve Fiscal Year 2017 maximum aggregate compensation for the Executive Management); and Proposal No. 13 (binding vote to approve maximum aggregate compensation for the Board of Directors for the period between the 2016 Annual Meeting and the 2017 Annual Meeting).

How Shareholders Vote

Shareholders, Plan Participants and Broker Customers may vote (or in the case of Plan Participants, may direct the trustee of the Garmin International, Inc. Retirement Plan to vote) their shares as follows:

Shares of Record

Shareholders may only vote their shares if they or their proxies are present at the Annual Meeting. Shareholders may appoint as their proxy the independent voting rights representative, the law firm of Reiss + Preuss LLP, 200 West 41st Street, 20th Floor, New York, NY 10018, USA to vote their shares by checking the appropriate box on the enclosed proxy card and the independent voting rights representative will vote all shares for which it is the proxy as specified by the shareholders on the proxy card. A registered shareholder desiring to name as proxy someone other than the independent voting rights representative may do so by crossing out the name of the independent voting rights representative on the proxy card and inserting the full name of such other person. In that case, the shareholder must sign the proxy card and deliver it to the person named, and the person named must be present, present appropriate identification and vote at the Annual Meeting.

Shares owned by shareholders who have timely submitted a properly executed proxy card and specifically indicated their votes will be voted as indicated. Shares owned by shareholders who have timely submitted a properly executed proxy card and have not specifically indicated their votes instruct the independent voting rights representative to vote in the manner recommended by the Board. If any modifications to agenda items or proposals identified in the Invitation to the Annual Meeting or other matters on which voting is permissible under Swiss law are properly presented at the Annual Meeting for consideration, you instruct the independent voting rights representative, in the absence of other specific instructions, to vote in accordance with the recommendations of the Board.

We urge you to return your proxy card by the close of business, U.S. Central Time on June 6, 2016 to ensure that your proxy can be timely submitted.

Shares Held Under the Garmin International, Inc. Retirement Plan

On the voting instructions card, Plan Participants may instruct the trustee of our Retirement Plan how to vote the shares allocated to their respective participant accounts. The trustee will vote all allocated shares accordingly. Shares for which inadequate or no voting instructions are received will

not be voted by the trustee. The trustee of our Retirement Plan may vote shares allocated to the accounts of the Plan Participants either in person or through a proxy.

Shares Held Through a Broker or Other Nominee

Each broker or nominee must solicit from the Broker Customers directions on how to vote the shares, and the broker or nominee must then vote such shares in accordance with such directions. Brokers or nominees are to forward the Notice to the Broker Customers, at the reasonable expense of Garmin if the broker or nominee requests reimbursement. See "Abstentions and Broker Non-Votes".

Revoking Proxy Authorizations or Instructions

Until the polls for a particular proposal on the agenda close (or in the case of Plan Participants, until the trustee of the Retirement Plan votes), voting instructions or votes of Record Holders and voting instructions of Plan Participants may be revoked or recast with a later-dated, properly executed and delivered proxy card or, in the case of Plan Participants, a voting instruction card. Otherwise, shareholders may not revoke a vote, unless: (a) in the case of a Record Holder, the Record Holder either (i) attends the

Annual Meeting and casts a ballot at the meeting or (ii) delivers a written revocation to the independent voting rights representative at any time before the Chairman of the Annual Meeting closes the polls for a particular proposal on the agenda; (b) in the case of a Plan Participant, the revocation procedures of the trustee of the Retirement Plan are followed; or (c) in the case of a Broker Customer, the revocation procedures of the broker or nominee are followed.

Attendance and Voting in Person at the Annual Meeting

Attendance at the Annual Meeting is limited to Record Holders or their properly appointed proxies, beneficial owners of shares having evidence of such ownership, and guests of Garmin. Plan Participants and Broker Customers, absent special direction to Garmin from the respective Retirement Plan trustee, broker or nominee, may only vote by instructing the trustee, broker or nominee and may not cast a ballot at the Annual Meeting. Record Holders may vote by casting a ballot at the Annual Meeting.

Security measures will be in place at the meeting, and briefcases, handbags and packages are subject to inspection. No cameras or recording devices of any kind, or signs, placards, banners or similar materials, may be used during the meeting. Anyone who refuses to comply with these requirements will not be admitted, or, if admitted, will be required to leave.

PROPOSAL ONE

Election of Andrew Etkind as the ad hoc Chairman of the Annual Meeting

Proposal 14 (par value reduction) and Proposal 15 (cancellation of Formation Shares) require amendments to Garmin's Articles of Association. In order for these amendments to take effect they must be carried out before a Swiss notary public and authenticated by such notary public in the form of a public deed (*öffentliche Urkunde*) and then registered with the Commercial Register (*Handelsregister*) of the Canton of Schaffhausen, Switzerland. A Swiss notary public can act only within the territory of the Swiss Canton where he or she is licensed as a notary public. Therefore, it is necessary for this Annual Meeting to be held in Switzerland. To facilitate attendance at

the Annual Meeting by shareholders resident in the USA, we are holding the Annual Meeting simultaneously in Zurich, Switzerland and Olathe, Kansas with a live video and audio link between the two locations. Since the Chairman of the meeting and the notary public are both required to be at the Zurich location, the Board proposes that Mr. Andrew Etkind, Garmin's Vice President and General Counsel, who is based at Garmin's headquarters in Switzerland, be elected as ad hoc Chairman of this Annual Meeting for the purpose of complying with all the necessary formalities under Swiss law.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE ELECTION OF ANDREW ETKIND AS THE AD HOC CHAIRMAN OF THE MEETING.

The Board proposes to the Annual Meeting that Garmin pay a cash dividend in the amount of U.S. \$2.04 per outstanding share out of Garmin's legal reserve from capital contribution payable in four equal installments at the dates determined by the Board in its discretion, as further specified in the proposed shareholder resolution set forth below. The Board currently expects that the dividend payment and record dates will be as follows:

The Board proposes the following resolutions with respect to the dividend:

Legal Reserve from Capital Contribution as per December 26, 2015	CHF	5,091,539,000
--	-----	---------------

Resolutions proposed by the Board of Directors:

- RESOLVED, that Garmin, out of, and limited to a maximum to the amount of, the Dividend Reserve (as defined below), pay a cash dividend in the amount of U.S. \$2.04 per outstanding share¹ out of Garmin's legal reserve from capital contribution payable in four equal installments at the dates determined by the Board of Directors in its discretion, the record date and payment date for each such installment to be announced in a press release² at least ten calendar days prior to the record date; and further

- RESOLVED, that the cash dividend shall be made with respect to the outstanding share capital of Garmin on the record date for the applicable installment, which amount will exclude any shares of Garmin held by Garmin or any of its direct or indirect subsidiaries; and further

- RESOLVED, that CHF 565,080,000³ be allocated to dividend reserves from capital contribution (the "Dividend Reserve") from the legal reserve from capital contribution in order to pay such dividend of U.S. \$2.04 per outstanding share (assuming a total of 208,077,418 shares⁴ eligible to receive the dividend); and further

CHF (565,080,000)

- RESOLVED that if the aggregate dividend payment is lower than the Dividend Reserve, the relevant difference will be allocated back to the legal reserve from capital contribution; and further

- RESOLVED, that to the extent that any installment payment, when converted into Swiss francs, at a USD/CHF exchange rate prevailing at the relevant record date for the relevant installment payment, would exceed the Dividend Reserve then remaining, the U.S. dollar per share amount of that installment payment shall be reduced on a pro rata basis, provided, however, that the aggregate amount of that installment payment shall in no event exceed the then remaining Dividend Reserve.

Legal Reserve from Capital Contribution after Dividend Reserve Allocation	CHF	4,526,459,000
---	-----	---------------

(1) In no event will the dividend payment exceed a total of U.S. \$2.04 per share.

(2) The announcements will not be published in the Swiss Official Gazette of Commerce.

(3) Based on the currency conversion rate of 0.9861 as of December 26, 2015, with a total of 208,077,418 shares eligible for payout (based on the number of shares issued as at December 26, 2015), the aggregate Dividend Reserve would be CHF 565,080,000. The amount of the Dividend Reserve, calculated on the basis of the Company's issued shares as at December 26, 2015, includes a 35% margin to accommodate (i) unfavorable currency fluctuation and (ii) new share issuance (see footnote 4 below) that may occur between the time when the dividend is approved by shareholders and when the last installment payment is made. Unused dividend reserves will be returned to the legal reserve from capital contribution after the last installment payment.

(4) This number is based on the registered share capital as at December 26, 2015. The number of shares eligible for dividend payments may change due to the repurchase of shares, the sale of treasury shares or the issuance of new shares, including (without limitation) from the conditional share capital reserved for the employee profit sharing program.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE PAYMENT OF A CASH DIVIDEND IN THE AGGREGATE AMOUNT OF U.S. \$2.04 PER OUTSTANDING SHARE OUT OF GARMIN'S LEGAL RESERVE FROM CAPITAL CONTRIBUTION IN FOUR EQUAL INSTALLMENTS

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE DISCHARGE OF THE MEMBERS OF THE BOARD AND THE EXECUTIVE MANAGEMENT FROM LIABILITY FOR THE FISCAL YEAR ENDED DECEMBER 26, 2015.

Four executive sessions of the independent directors were held in 2015. The Board has established three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee (the "Nominating Committee"). During the 2015 fiscal year, the Audit Committee held four meetings and took action by unanimous written consent once, the Compensation Committee held five meetings

and took action by unanimous written consent once, and the Nominating Committee held two meetings and took action by written consent once. Each director attended at least 75% of the aggregate of: (1) the total number of meetings of the Board and (2) the total number of meetings held by all committees on which such director served. It is Garmin's policy to encourage directors to attend Garmin's annual general meeting. All of the directors of Garmin attended the 2015 annual general meeting.

Audit Committee

Messrs. Peffer (Chairman), Hartnett and Poberezny serve as the members of the Audit Committee. The Board has adopted a written charter for the Audit Committee, a copy of which is available on Garmin's website at www.garmin.com. The functions of the Audit Committee include overseeing Garmin's financial reporting processes on behalf of the Board, and appointing, and approving the fee arrangement with Ernst & Young LLP, Garmin's independent registered public accounting firm and Ernst & Young Ltd, Garmin's statutory auditor. The Board has determined that

Mr. Hartnett and Mr. Peffer are "audit committee financial experts" as defined by the SEC regulations implementing Section 407 of the Sarbanes-Oxley Act of 2002. The Board has determined that all the members of the Audit Committee are independent (as defined by the listing standards of the NASDAQ Global Select Market). If elected to the Board at the Annual Meeting, it is expected that Ms. Tilden would replace Mr. Poberezny as a member of the Audit Committee.

Compensation Committee

Messrs. Poberezny (Chairman), Eller, Hartnett and Peffer serve as the members of the Compensation Committee. Our Articles of Association provide that the Compensation Committee shall, among other things, (1) consider and make recommendations to the Board of Directors; (2) assist the Board of Directors in discharging its responsibilities relating to compensations and related disclosure of the members of Executive Management, including the development of policies relating to Executive Management compensation and benefit programs; and (3) prepare and recommend to the Board of Directors the proposals of the Board of Directors to the general meeting of the shareholders regarding the compensation of the Board of Directors and the Executive Management. In addition, the Board has adopted a written charter for the Compensation Committee, a copy of which is available on Garmin's website at www.garmin.com. The primary responsibilities of the Compensation Committee are to (a) review, approve and oversee Garmin's compensation philosophy, policies and objectives for executives and principal senior officers, as well as the programs, plans, practices and procedures for their implementation in a manner that is consistent with corporate strategies and goals; (b) ensure that Garmin's compensation programs and practices are effective in attracting, retaining and motivating highly qualified personnel (c) with respect to compensation of the Executive Chairman, Chief Executive Officer ("CEO") and other principal senior officers, annually: (i) review and approve the corporate goals and objectives that are aligned with the achievement of the Company's long-term strategic plans, (ii) evaluate their performance in light of those goals and objectives; (iii) determine the CEO's compensation level, as well as the components and structure of his or her compensation package, based on his or her performance evaluation, recent compensation history, and the application of any policies and procedures established by the Compensation Committee; (iv) oversee and approve the respective compensation levels, as well as the components and structure of the respective compensation packages, recommended by the CEO of the other principal senior officers based on their

respective performance evaluations, recent compensation history, and the application of any policies or procedures established by the Compensation Committee; and (v) review and approve any employment, change of control, termination or other agreements with the CEO, as well as other principal senior officers, and any amendments to such agreements, (d) with respect to compensation policies for all employees, including non-executive officers, to: (i) periodically determine whether such policies and practices create risks that are reasonably likely to have a material adverse effect on the Company; (ii) consider modifying, or directing Garmin to modify, policies and practices that the Compensation Committee deems to create such risks; and (iii) approve disclosures required to be included in Garmin's annual meeting proxy statement; (e) prepare and recommend to the Board the proposals for submission at the general meeting of shareholders regarding the maximum aggregate compensation of the members of the Board (for the upcoming term of office) and the Company's executives (for the following fiscal year), as required under applicable Swiss law; (f) review and discuss with management the proposed Compensation Discussion and Analysis section ("CD&A") of Garmin's annual meeting proxy statement and, based on such review and discussion, make a recommendation to the Board regarding inclusion of the CD&A in the proxy statement; and produce the annual disclosures required by applicable SEC rules and regulations and the relevant listing authority; (g) recommend to the Board changes in the amount, components and structure of compensation paid to the non-employee members of the Board for their service on the Board or its committees; (h) serve as the committee administering any equity-based compensation plans adopted by the Company; (i) approve, or, if required, submit for approval by shareholders, all new equity-based plans and any amendments to such plans; (j) review the design and oversee the administration of Garmin's broad based employee compensation and benefit programs in a manner that is consistent with the Garmin's compensation philosophy and long-term strategic plan; and (k) with input from the Board, annually review with

management the plans for the orderly development and succession of all principal senior officers. The Board has determined that all the members of the Compensation Committee are independent (as defined by the listing standards of the NASDAQ Global Select Market). The processes and procedures for considering and determining executive compensation, including the Compensation Committee's authority and role in the process, its delegation of authority to others, and the roles of Garmin executives and third-party executive compensation consultants in making decisions or recommendations on executive compensation, are described in "Executive

Compensation Matters – Compensation Discussion and Analysis" below. Pursuant to Swiss law, the members of the Compensation Committee are elected annually by the shareholders at the annual general meeting. If Ms. Tilden is elected to the Board and to the Compensation Committee at the Annual Meeting, Ms. Tilden would replace Mr. Poberezny as a member of the Compensation Committee. If Mr. Hartnett is re-elected to the Board and to the Compensation Committee at the Annual Meeting, it is expected that he would be appointed as Chairman of the Compensation Committee.

Nominating and Corporate Governance Committee

Messrs. Eller (Chairman), Hartnett, Peffer and Poberezny serve as the members of the Nominating and Corporate Governance Committee (the "Nominating Committee"). The Board has adopted a written charter for the Nominating Committee. A copy of the Nominating Committee Charter is available on Garmin's website at www.garmin.com. The primary responsibilities of the Nominating Committee are to (a) evaluate the current composition, size, role and functions of the Board and its committees to oversee successfully the business and affairs of Garmin and make recommendations to the Board for approval, except with respect to the size of the Board, make recommendations to the Board for submission to shareholders for approval; (b) determine director selection criteria and conduct searches for prospective directors whose skills and attributes reflect these criteria; (c) recommend and evaluate nominees for election to the Board; (d) evaluate and make recommendations to the Board concerning the appointment of directors to serve on each standing committee and the selection of Board committee chairpersons, except that, as required by mandatory Swiss law, members of the Compensation Committee shall be elected by the shareholders; (e) evaluate and make recommendations to the Board of a nominee for election by the shareholders to serve as Chairman of the Board; (f) evaluate prior to each annual general meeting, and report to the Board on, the financial literacy of the Audit Committee members and whether the Audit Committee has at least one Audit Committee Financial Expert and one Audit Committee member who has accounting or related financial management expertise; (g) evaluate prior to each annual general meeting, and report to the Board on, the independence of director nominees and Board members under applicable laws, regulations, and stock exchange listing standards; (h) create and implement a process for the Board to annually evaluate its own performance; (i) oversee a Company orientation program for new directors and a continuing education program for current directors; (j) recommend to the Board Corporate Governance Guidelines; (k) review periodically the Corporate Governance Guidelines and recommend such modifications to the Board as the Governance Committee deems appropriate; (l) oversee Garmin's corporate governance practices, including reviewing and recommending to the Board for approval any changes to the other documents and policies in the Company's corporate governance framework, including its articles of association and organizational regulations; (m) verify that the Board and each Board committee has annually evaluated its own performance; (n) review and/or investigate any matters pertaining to the integrity of management or the Board or any committee thereof; (o) annually evaluate the Governance Committee's own performance and periodically evaluate the adequacy of its Charter; and (p) report to the Board on Nominating Committee actions (other than routine or administrative actions). The Board has determined that all the members of the Nominating Committee are independent (as defined by the listing standards of the NASDAQ Global Select Market).

In selecting candidates for nomination at the annual general meeting of Garmin's shareholders, the Nominating Committee begins by determining whether the incumbent directors desire and are qualified to continue their service on the Board. The Nominating Committee is of the view that the

continuing service of qualified incumbents promotes stability and continuity in the board room, giving the Board the familiarity and insight into Garmin's affairs that its directors have accumulated during their tenure, while contributing to their work as a collective body. Accordingly, it is the policy of the Nominating Committee, absent special circumstances, to nominate qualified incumbent directors who continue to satisfy the Nominating Committee's criteria for membership on the Board, whom the Nominating Committee believes will continue to make a valuable contribution to the Board and who consent to stand for reelection and, if reelected, to continue their service on the Board. If there are Board vacancies and the Nominating Committee does not re-nominate a qualified incumbent, the Nominating Committee will consider and evaluate director candidates recommended by the Board, members of the Nominating Committee, management and any shareholder owning one percent or more of Garmin's outstanding shares.

The Nominating Committee will use the same criteria to evaluate all director candidates, whether recommended by the Board, members of the Nominating Committee, management or a one percent shareholder. The Nominating Committee has adopted the policy that a shareholder owning one percent or more of Garmin's outstanding shares may recommend director candidates for consideration by the Nominating Committee by writing to the Company Secretary, by facsimile at +41 52 630 1601 or by mail at Garmin Ltd., Mühlenalstrasse 2, 8200 Schaffhausen, Switzerland. The recommendation must contain the proposed candidate's name, address, biographical data, a description of the proposed candidate's business experience, a description of the proposed candidate's qualifications for consideration as a director, a representation that the nominating shareholder is a beneficial or record owner of one percent or more of Garmin's outstanding shares (based on the number of outstanding shares reported on the cover page of Garmin's most recently filed Annual Report on Form 10-K) and a statement of the number of Garmin shares owned by such shareholder. The recommendation must also be accompanied by the written consent of the proposed candidate to be named as a nominee and to serve as a director of Garmin if nominated and elected. A shareholder may not recommend him or herself as a director candidate.

The Nominating Committee requires that a majority of Garmin's directors be independent and that any independent director candidate meet the definition of an independent director under the listing standards of the NASDAQ Global Select Market. The Nominating Committee also requires that at least one independent director qualify as an audit committee financial expert. The Nominating Committee also requires that an independent director candidate should have either (a) at least ten years' experience at a policy-making level or other level with significant decision-making responsibility in an organization or institution or (b) a high level of technical knowledge or business experience relevant to Garmin's technology or industry. In addition, the Nominating Committee requires that an independent director candidate have such financial expertise, character, integrity, ethical standards, interpersonal skills and time to devote to Board matters as would reasonably be considered to be appropriate in order for the director to carry out his or her duties as a director.

In evaluating a director candidate (including the nomination of an incumbent director), the Nominating Committee considers, among other things, whether the candidate meets the Nominating Committee's requirements for independent director candidates, if applicable. The Nominating Committee also considers a director candidate's skills and experience and diversity of background and perspective (inclusive of race, gender and ethnicity) in the context of the perceived needs of the Board at the time of consideration. Additionally, in recommending an incumbent director for re-election, the Nominating Committee considers the nominee's prior service to Garmin's

Board and continued commitment to service on the Board. The Nominating Committee believes that the composition of the Board should reflect a diversity of experience, race, gender and ethnicity and seeks to include individuals from diverse backgrounds (inclusive of race, gender and ethnicity) with varying perspectives, professional experience, education and skills in the pool from which nominees for vacancies on the Board are chosen.

If elected to the Board at the Annual Meeting, it is expected that Ms. Tilden would replace Mr. Poberezny on the Nominating Committee.

Board Leadership Structure and Role in Risk Oversight

Prior to January 1, 2013, Min H. Kao was both Chairman of the Board and Chief Executive Officer. On January 1, 2013, Dr. Kao became Executive Chairman of the Board, and Clifton A. Pemble became President and Chief Executive Officer, thereby causing the positions of Chairman of the Board and Chief Executive Officer to be split between Dr. Kao and Mr. Pemble. The Board believes this Board leadership structure is appropriate and desirable because Mr. Pemble is well-positioned to be Chief Executive Officer since he has been at Garmin since 1989 and held a number of leadership positions prior to becoming Chief Executive Officer on January 1, 2013, including President and Chief Operating Officer, and Dr. Kao's continued contribution as Executive Chairman adds significant value because he is a co-founder of Garmin, which gives him a unique perspective of the company's history, vision and values. In addition, because of his significant ownership of Garmin shares, Dr. Kao's interests are aligned with those of Garmin's shareholders.

Garmin does not have a lead independent director. Instead, all of the independent directors play an active role on the Board. The independent directors make up a majority of the Board, and a majority of the independent directors are or have been leaders in industry with a history of exercising critical thought and sound judgment.

The entire Board performs the risk oversight role. Garmin's Chief Executive Officer is a member of the Board, and Garmin's Chief Financial Officer and its General Counsel regularly attend Board meetings, which helps facilitate discussions regarding risk between the Board and Garmin's senior management, as well as the exchange of risk-related information or concerns between the Board and the senior management. Further, the independent directors meet in executive session at the majority of the regularly scheduled Board meetings to voice their observations or concerns and to shape the agendas for future Board meetings.

The Board believes that, with these practices, each director has an equal stake in the Board's actions and oversight role and equal accountability to Garmin and its shareholders.

Compensation and Risk

Garmin regularly assesses risks related to compensation programs, including our executive compensation programs. Garmin does not believe that there are any risks arising from Garmin's compensation policies and practices that are reasonably likely to have a material adverse effect on Garmin.

Shareholder Communications with Directors

The Board has established a process to receive communications from shareholders. Shareholders may communicate with the Board or with any individual director of Garmin by writing to the Board or such individual director in care of Garmin's Corporate Secretary, by facsimile at +41 52 630 1601 or by mail at Garmin Ltd., Mühlenalstrasse 2, 8200 Schaffhausen,

Switzerland. All such communications must identify the author as a shareholder, state the number of shares owned by the author and state whether the intended recipients are all members of the Board or just certain specified directors. The Company Secretary will make copies of all such communications and send them to the appropriate director or directors.

Compensation Committee Interlocks and Insider Participation; Certain Relationships

None of the members of the Compensation Committee is, or has ever been, an officer or employee of Garmin or any of its subsidiaries. Garmin had no compensation committee interlocks for the fiscal year ended December 26, 2015.

Garmin has adopted a written policy for the review by the Audit Committee of transactions in which Garmin is a participant and any related person will have a direct or indirect material interest in the transaction. This policy is

generally designed to cover those related party transactions that would be required to be disclosed in a proxy statement, annual report on Form 10-K or registration statement pursuant to Item 404(a) of Regulation S-K. However, the policy is more encompassing in that the amount involved in a transaction covered by the policy must only exceed \$60,000 while disclosure under Item 404(a) is required only if the amount involved exceeds \$120,000. The policy defines the terms "transaction" and "related person" in the same manner as Item 404(a) of Regulation S-K.

If the nature of the timing of a related party transaction is such that it is not practical to obtain advance approval by the Audit Committee, then management may enter into it, subject to ratification by the Audit Committee. If ratification is not subsequently obtained, then management must take all reasonable efforts to cause the related person transaction to be null and void.

The Audit Committee will approve or ratify only those related party transactions that it determines in good faith are in, or are not inconsistent with, the best interests of Garmin and its shareholders. In making that determination, the Audit Committee shall consider all of the relevant

facts and circumstances available to it, including the benefits to Garmin and whether the related party transaction is on terms and conditions comparable to those available in arms-length dealing with an unrelated third party that can provide comparable products or services.

The Audit Committee will also annually review ongoing related party transactions after considering all relevant facts and circumstances. The Audit Committee will then determine if those transactions should be terminated or modified based on whether it is still in the best interests, or not inconsistent with the best interests, of Garmin and its shareholders.

Non-Management Director Compensation

Each Garmin director, who is not an officer or employee of Garmin, or of a subsidiary of Garmin, is compensated for service on the Board and its committees. The annual director compensation package at Garmin is designed to attract and retain highly-qualified, independent professionals to represent Garmin's shareholders.

Each director, who is not an officer or employee of Garmin or its subsidiaries (a "Non-Management Director"), is paid an annual retainer of \$85,000. Each Non-Management Director, who chairs a standing committee of the Board (other than the Audit Committee), also receives an annual retainer of \$5,000. The Non-Management Director who chairs the Audit Committee

receives an annual retainer of \$10,000. Each Non-Management Director also receives an annual award of restricted stock units valued at \$125,000.

The maximum aggregate compensation for the Board of Directors for the period between the 2016 Annual General Meeting and the 2017 Annual General Meeting submitted to shareholders for approval under proposal no. 13 reflects the above compensation program for Non-Management Directors, and also includes an annual salary for our Executive Chairman.

Garmin does not have formal stock ownership guidelines for its directors.

Subject to their re-election as members of the Board, the Board has nominated Donald H. Eller, Joseph J. Hartnett and Charles W. Peffer, who are currently members of the Compensation Committee, to stand for re-election as members of the Compensation Committee for a term extending until completion of the annual general meeting in 2017. If elected, Mr. Hartnett will be appointed as chairman of the Compensation

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" ELECTION OF EACH OF THESE NOMINEES.

PROPOSAL NINE

Re-election of the independent voting rights representative

Swiss law requires that the shareholders of a Swiss company listed on a stock exchange elect annually an independent voting rights representative for a term extending until completion of the next annual general meeting.

The main duty of the independent voting rights representative is to exercise the voting rights in accordance with the instructions received from shareholders. The independent voting rights representative will not make statements, submit proposals or ask questions to the Board on behalf of shareholders.

The Board has recommended that the law firm of Reiss + Preuss LLP, 200 West 41st Street, 20th Floor, New York, NY 10036, USA be re-elected as the independent voting rights representative for a term extending until completion of the annual general meeting in 2017. Reiss + Preuss LLP is a New York law firm with lawyers who have experience in Swiss legal matters. Reiss + Preuss LLP does not perform any other services for Garmin.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE RE-ELECTION OF REISS + PREUSS LLP AS THE INDEPENDENT VOTING RIGHTS REPRESENTATIVE.

PROPOSAL TEN

Ratification of the appointment of Ernst & Young LLP as Garmin's Independent Registered Public Accounting Firm for the fiscal year ending December 31, 2016 and re-election of Ernst & Young Ltd as Garmin's statutory auditor for another one-year term

Ernst & Young LLP has acted as Garmin's independent registered public accounting firm since 2000 and has been appointed by the Audit Committee to audit and certify Garmin's financial statements for the fiscal year ending December 31, 2016.

Ernst & Young Ltd, Zurich, was re-elected as Garmin's statutory auditor for 2015. Swiss law and our Articles of Association require that our shareholders elect annually a firm as statutory auditor. The statutory auditor's main task is to audit our consolidated financial statements and parent company financial statements that are required under Swiss law. The Audit Committee and Board propose that Ernst & Young Ltd be re-elected as Garmin's statutory auditor for another one-year term.

Representatives of Ernst & Young LLP and Ernst & Young Ltd will be present at the Annual Meeting. They will have the opportunity to make a statement if they desire and will be available to respond to appropriate questions.

If the shareholders do not ratify the appointment of Ernst & Young LLP, the Audit Committee will reconsider whether to appoint Ernst & Young LLP as Garmin's registered independent public accounting firm for the fiscal year ending December 31, 2016.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS GARMIN'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2016 AND RE-ELECTION OF ERNST & YOUNG LTD AS GARMIN'S STATUTORY AUDITOR FOR ANOTHER ONE-YEAR TERM.

PROPOSAL ELEVEN

Advisory Vote on Executive Compensation

As required by Section 14A of the Securities Exchange Act of 1934, the Board proposes that shareholders be provided with an annual advisory vote on the compensation of Garmin's Named Executive Officers, as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables and any related material disclosed in this Proxy Statement. As described in the Compensation Discussion and Analysis, the objectives of Garmin's executive compensation program are to:

1. Provide executive compensation that Garmin believes is fair, reasonable and competitive in order to attract, motivate and retain a highly qualified executive team;
2. Reward executives for individual performance and contribution;

3. Provide incentives to executives to enhance shareholder value;
4. Reward executives for long-term, sustained individual and Company performance; and
5. Provide executive compensation that is viewed as internally equitable by both the executives and the broader Garmin employee population.

As an advisory vote, the shareholders' vote on this proposal is not binding on Garmin. However, we value the opinions of Garmin shareholders and the Compensation Committee of our Board plans to review voting results on this proposal and will give consideration to such voting when making future executive compensation decisions for Garmin's Named Executive Officers.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL OF THE COMPENSATION OF GARMIN'S NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT RELATING TO THE ANNUAL GENERAL MEETING OF SHAREHOLDERS PURSUANT TO THE EXECUTIVE COMPENSATION DISCLOSURE RULES PROMULGATED BY THE SEC.

PROPOSAL TWELVE

Binding Vote to Approve Fiscal Year 2017 Maximum Aggregate Compensation for the Executive Management

Pursuant to Swiss law and Article 22(a) of the Articles of Association of Garmin, the shareholders must annually approve the maximum aggregate compensation of the Executive Management for the next fiscal year.

Pursuant to Article 23.1 of the Organizational Regulations of Garmin, the Executive Management consists of the Chief Executive Officer and such other officers expressly designated by the Board to be members of the Executive Management. The Board has designated the Chief Executive Officer and the Chief Financial Officer to be the members of Executive Management.

Such maximum aggregate amount includes all forms of cash, stock and other compensation and is based on the 2015 compensation of the Executive Management with the addition of 20% for unforeseen contingencies and possible compensation increases as shown in the table below. This amount represents the maximum possible amount that Garmin could pay to the Executive Management in the 2017 fiscal year and not necessarily the actual amount that will be paid. THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL OF THE FISCAL YEAR 2017 MAXIMUM AGGREGATE COMPENSATION FOR THE EXECUTIVE MANAGEMENT.

PROPOSAL THIRTEEN

Binding Vote to Approve Maximum Aggregate Compensation for the Board of Directors for the period between the 2016 Annual General Meeting and the 2017 Annual General Meeting

Pursuant to Swiss law and Article 22(a) of the Articles of Association of Garmin the shareholders must annually approve the maximum aggregate compensation of the Board of Directors for the period between the annual general meeting at which approval is sought and the next annual general meeting. This proposal is based on the Board of Directors consisting of six directors, of whom four are Non-Management Directors. Only the Non-Management Directors and the Executive Chairman are included in this proposal. The President and Chief Executive Officer, who also is a member of the Board of Directors, does not receive any compensation for his role as a director.

The Board proposes that the amount of \$1,365,375 be approved as the maximum aggregate amount of compensation for the Board of Directors for the period between the 2016 annual general meeting and the 2017

annual general meeting. A description of the compensation program for the Board of Directors is provided on page 23 (the "Board Compensation Program"). The proposed maximum aggregate amount includes all forms of cash, stock and other compensation and is based on the Board Compensation Program with the addition of 10% for unforeseen contingencies and possible compensation increases as shown in the table below. This amount represents the maximum possible amount that Garmin could pay to the Board of Directors for the period between the 2016 annual general meeting and the 2017 annual general meeting and not necessarily the actual amount that will be paid. The actual amount is currently expected to be the same as provided for in the Board Compensation Program in the case of the Non-Management Directors.

The estimated amount of Garmin's social security contributions for the Executive Chairman is \$7,347 and Garmin is also required to pay Medicare contributions in the amount of 1.45% of all taxable income of the Executive Chairman.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL OF THE MAXIMUM AGGREGATE COMPENSATION FOR THE BOARD OF DIRECTORS FOR THE PERIOD BETWEEN THE 2016 ANNUAL GENERAL MEETING AND THE 2017 ANNUAL GENERAL MEETING.

PROPOSAL FOURTEEN

Par Value Reduction

The Board proposes to (i) reduce the par value of each registered share of Garmin from currently CHF 10 by an amount of CHF 9.90 to CHF 0.10 and allocate the aggregate par value reduction amount to Garmin's legal reserve from capital contribution, and (ii) amend the Articles of Association of Garmin accordingly. The proposed shareholder resolution and the proposed amendments to the Articles of Association are included in [Annex 1](#).

The purpose of the par value reduction is to increase Garmin's legal reserve from capital contribution that is included on the Swiss standalone balance sheet of Garmin, thereby increasing Garmin's flexibility to make future dividend payments to shareholders that can be distributed to shareholders free of the 35% Swiss withholding tax. The reduction in par value will decrease Garmin's registered share capital from CHF 2,080,774,180 to CHF 20,807,741.80. The aggregate reduction in the registered capital of CHF 2,059,966,438.20 will be allocated to the legal reserve from capital contribution that is included on the Swiss standalone balance sheet of Garmin and will increase the amount of such reserve by CHF 2,059,966,438.20. Such legal reserve can be distributed to shareholders in the form of a dividend free of Swiss withholding tax.

If shareholders approve the general par value reduction of Garmin's shares, the par value of each share that may be issued under the existing conditional share capital of Garmin will also be reduced from CHF 10 to CHF 0.10. Consequently, the conditional share capital of Garmin will be reduced from CHF 1,040,387,090 to CHF 10,403,870.90. However, the maximum number of shares that may be issued under the conditional share capital will remain unchanged.

In the event that any registered shares are issued out of the conditional share capital of Garmin between the date of the Annual Meeting and the date of entry of the decrease of the share capital in the Commercial Register, the par value of such newly issued registered shares will also be reduced from CHF 10 to CHF 0.10, and the respective share capital reduction amount will be allocated to Garmin's legal reserve from capital contribution included in Garmin's Swiss statutory standalone balance sheet.

The Swiss Code of Obligations ("CO") requires as a condition to the par value reduction that a state supervised audit expert deliver a report prepared in accordance with Article 732 Paragraph 2 CO confirming that the receivables of the creditors of Garmin continue to be fully covered by assets after giving effect to the par value reduction. Ernst & Young Ltd, Zurich, Garmin's auditor and a state supervised audit expert, will prepare such a report, which will be available at the Annual Meeting.

The capital reduction can only be accomplished after publication of three notices to creditors in the Swiss Official Gazette of Commerce and in the manner provided for by Garmin's Articles of Association, the two-month time period set for the creditors to file claims has expired, all creditors who have filed claims have, to the extent so required, been satisfied or secured, and a public deed of compliance has been established. If approved by shareholders, we expect that the share capital reduction will be completed in August 2016.

Other than an accounting realignment between the line items "shares" and "additional paid in capital" reflecting the reduction in par value, it is not expected that the consolidated financial statements of Garmin and its subsidiaries will be affected.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL OF THE PAR VALUE REDUCTION.

PROPOSAL FIFTEEN

Cancellation of Formation Shares

The Board proposes that (i) 10,000,000 registered shares of Garmin held by Garmin be cancelled and (ii), as a consequence, Garmin's Articles of Association be amended to effect a corresponding share capital reduction. The proposed shareholder resolution and the proposed amendments to the Articles of Association are included in Annex 2.

10,000,000 shares of Garmin (the "Formation Shares") were issued in connection with the redomestication of Garmin from the Cayman Islands to Switzerland in 2010 and are currently held as treasury shares by Garmin. Under Swiss law, the aggregate par value of the registered shares held by Garmin and its subsidiaries may not exceed 10% of the registered share capital of Garmin. We may repurchase our registered shares beyond the statutory limit of 10%, however, if our shareholders have adopted a resolution at a general meeting of shareholders authorizing the Board to repurchase registered shares in an amount in excess of 10% and the repurchased shares are dedicated for cancellation. As of April 15, 2016 Garmin and its subsidiaries held a total of 19,023,615 treasury shares (including the Formation Shares), which is equivalent to approximately 9.14% of Garmin's registered shares. The purpose of the cancellation of the Formation Shares is to reduce the number of treasury shares held by Garmin in order to provide the flexibility for additional shares to be repurchased by Garmin and/or its subsidiaries in the future without exceeding the statutory 10% limit.

Under Swiss law, the cancellation of shares requires shareholder approval. To effect a cancellation of shares by means of a capital reduction, it is a condition that a state supervised audit expert deliver a report prepared in accordance with Article 732 Paragraph 2 CO confirming that the receivables of the creditors of the Company continue to be fully covered by assets

after giving effect to the capital reduction. A respective report by Ernst & Young Ltd, Zurich, the Company's auditor and a state supervised audit expert, will be available at the Annual Meeting.

If shareholders approve the cancellation of the Formation Shares, the reduction of the registered share capital shall be accomplished by cancelling the Formation Shares currently accounted for as a deduction to shareholder's equity in the amount of CHF 351,190,000 and (i) reallocating share capital of Garmin in the amount of CHF 1,000,000⁽¹⁾ from share capital to the legal reserve from capital contribution; and (ii) setting-off the amount of CHF 351,190,000 accounted for as a deduction to shareholder's equity against Garmin's available earnings of CHF 494,298,000 included on Garmin's Swiss standalone statutory balance sheet.

Because Swiss law limits the conditional share capital of a company to 50% of the registered share capital, if shareholders approve the cancellation of the Formation Shares the conditional share capital of Garmin in the aggregate amount of CHF 10,403,870.90⁽²⁾ will also be reduced by the amount of CHF 500,000⁽³⁾ to CHF 9,903,870.90⁽⁴⁾ by reducing the number of shares from 104,038,709 to 99,038,709;

The capital reduction by cancellation of shares can only be accomplished after publication of three notices to creditors in the Swiss Official Gazette of Commerce and in the manner provided for by the Company's Articles of Association, the two-month time period set for the creditors to file claims has expired, all creditors who have filed claims have, to the extent so required, been satisfied or secured, and a public deed of compliance has been established. If approved by shareholders, we expect that the share capital reduction will be completed in August 2016.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL OF THE CANCELLATION OF THE FORMATION SHARES.

(1) This figure assumes that Proposal 14 (Par Value Reduction) has been approved by the shareholders. If Proposal 14 is not approved by the shareholders, share capital of Garmin in the amount of CHF 100,000,000 would be reallocated to the legal reserve from capital contribution.

(2) This figure assumes that Proposal 14 (Par Value Reduction) has been approved by the shareholders. If Proposal 14 is not approved by the shareholders, the conditional share capital of Garmin would be CHF 1,040,387,090.

(3) This figure assumes that Proposal 14 (Par Value Reduction) has been approved by the shareholders. If Proposal 14 is not approved by the shareholders, the conditional share capital of Garmin would be decreased by the amount of CHF 50,000,000.

(4) This figure assumes that Proposal 14 (Par Value Reduction) has been approved by the shareholders. If Proposal 14 is not approved by the shareholders, the conditional share capital of Garmin would be decreased to CHF 990,387,090.

AUDIT MATTERS

Report of Audit Committee

This report is submitted by the Audit Committee of the Board.

The Board pursues its responsibility for oversight of Garmin's financial reporting process through the Audit Committee. The Board, in its business judgment, has determined that all members of the Audit Committee are independent and financially literate as required by the applicable listing standards of the NASDAQ Stock Market. The Audit Committee operates pursuant to a charter adopted by the Board, as amended and restated on July 25, 2014, a copy of which is posted at http://www8.garmin.com/aboutGarmin/invRelations/documents/Audit_Committee_Charter.pdf. The Audit Committee and the Board annually review and assess the adequacy of the charter.

The Audit Committee meets regularly with the independent auditor, management and Garmin's internal auditors. The independent auditor and Garmin's internal auditors have direct access to the Audit Committee, with and without the presence of management representatives, to discuss the scope and results of their work and their comments on the adequacy of internal accounting controls and the quality of financial reporting.

In performing its oversight function, the Audit Committee reviewed and discussed Garmin's audited consolidated financial statements for the fiscal year ended December 26, 2015 with management and with Ernst & Young LLP, the independent registered public accounting firm retained by Garmin to audit its financial statements, and with Ernst & Young Ltd., its statutory auditor. The Audit Committee received and reviewed management's representation and the opinion of the independent registered public accounting firm and the statutory auditor that Garmin's audited financial

statements were prepared in accordance with United States generally accepted accounting principles. The Audit Committee also discussed with the independent registered public accounting firm and the statutory auditor during the 2015 fiscal year the matters required to be discussed by applicable standards and rules of the Public Company Accounting Oversight Board and the SEC.

The Audit Committee received from Ernst & Young LLP the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding Ernst & Young LLP's communications with the Audit Committee concerning independence and discussed with Ernst & Young LLP the independence of their firm. The Audit Committee considered whether the non-audit services provided by Ernst & Young LLP are compatible with their independence.

Based upon the review and discussions referenced above, the Audit Committee recommended to Garmin's Board, and the Board approved, that the audited consolidated financial statements be included in Garmin's Annual Report on Form 10-K for the fiscal year ended December 26, 2015, for filing with the SEC.

Independent Registered Public Accounting Firm Fees

The following table sets forth the aggregate fees billed to Garmin for the fiscal year ended December 26, 2015 and the fiscal year ended December 27, 2014 by Garmin's independent registered public accounting firm, Ernst & Young LLP (U.S. dollars listed in thousands):

	2015	2014
Audit Fees	\$ 2,827	\$ 2,888
Audit Related Fees ^{(a)(b)}	\$ 13	\$ -
Tax Fees ^{(b)(c)}	\$ -	\$ 45
All Other Fees ^(d)	\$ 3	\$ 3
TOTAL:	\$ 2,843	\$ 2,936

(a) Audit Related Fees for 2015 comprised services related to Swiss statutory compliance.

(b) The Audit Committee has concluded that the provision of these services is compatible with maintaining the independence of Ernst & Young.

(c) Tax Fees for 2014 consisted of tax compliance services.

(d) All Other Fees for 2015 and 2014 are comprised of on-line subscription fees.

Pre-Approval of Services Provided by the Independent Auditor

The Audit Committee has adopted a policy that requires advance approval by the Audit Committee of all audit services, audit-related services, tax services and other services performed by Ernst & Young. The policy provides for pre-approval by the Audit Committee annually of specifically defined services up to specifically defined fee levels. Unless the specific service has been previously pre-approved with respect to that year, the Audit

Committee must approve the permitted service before Ernst & Young is engaged to perform it. The Audit Committee has delegated to the Audit Committee Chairman authority to approve permitted services provided that the Chairman reports any such approval decisions to the Audit Committee at its next meeting. The Audit Committee pre-approved all services that Ernst & Young rendered to Garmin and its subsidiaries in 2015.

- Total revenue of U.S. \$2,820 million, with outdoor, fitness, aviation, and marine collectively growing 9% over 2014 and contributing 63% of total revenue.
- Gross and operating margins were 54.6% and 19.5%, respectively.

Our Compensation Philosophy

Garmin’s management and Compensation Committee consider executive compensation in light of the entire associate population in order to establish compensation practices that we believe are competitive based on our recruitment and retention experience. We also strive to establish compensation practices that are viewed as internally equitable and fair for executives, other associates, and shareholders. Executives are therefore compensated using the same elements and techniques as the broader group of associates who contribute to Garmin’s success. Garmin’s executive compensation program has achieved strong support from shareholders

with over 98% of the shares voted at the 2015 Annual General Meeting of Shareholders having voted in favor of approval of the compensation of Garmin’s Named Executive Officers, as disclosed in the proxy statement for Garmin’s 2015 Annual General Meeting of Shareholders.

Executive compensation is tied to individual and company performance through use of stock compensation programs designed to align the interests of executives and shareholders based on the common goal of growing shareholder value. Garmin establishes executive compensation taking into

account market information obtained from Equilar and through recruiting, retention, and networking. The Compensation Committee also considers other factors, such as job responsibilities and performance and the level of past compensation adjustments, as described below.

Garmin does not attempt to set compensation to meet specific benchmarks, such as targeting a specific percentile of a compensation component

paid by one or more peer groups. Garmin sets executive compensation based on its knowledge of individualized contributions and capabilities of its personnel and the positions involved and the amount and form of compensation that Garmin believes is needed to attract, motivate and retain appropriate talent.

Objectives of the Compensation Program

The objectives of Garmin's executive compensation program are to:

- Provide executive compensation that Garmin believes is fair, reasonable and competitive in order to attract, motivate and retain a highly qualified executive team;
- Reward executives for individual performance and contribution;
- Provide incentives to executives to enhance shareholder value;
- Reward executives for long-term, sustained individual and Company performance; and
- Provide executive compensation that is viewed as internally equitable by both the executives and the broader Garmin employee population.

Key Governance Features

What We Do

- ✓ **Mitigate excessive risk-taking behaviors by Named Executive Officers:**
Garmin's Board of Directors regularly reviews the risks related to our executive compensation program, and our program includes features that reduce the likelihood of our Named Executive Officers, either individually or as a group, making excessively risky business decisions that could maximize short-term results at the expense of long-term value.
- ✓ **Use long-term incentives to link a significant portion of pay to company performance over time:**
A significant portion of each Named Executive Officer's total compensation consists of long-term incentive compensation, such as time-based vesting restricted stock units and time-based and performance-based vesting restricted stock units, which vest over time and have their values directly linked to company performance.
- ✓ **Have a Clawback Policy that authorizes the Compensation Committee to recoup executive compensation:**
In the event of an accounting restatement of Garmin's financial statements due to misconduct resulting in Garmin's material noncompliance with financial reporting requirements under securities laws, Garmin may recoup performance-based compensation received by Garmin's executive officers. See "Adjustment or Recovery of Awards or Payments" below for a more detailed description of this policy.
- ✓ **Include double-trigger change in control provisions in equity awards:**
Accelerated vesting of equity awards would only occur following change in control if a Named Executive Officer resigns with good reason or is terminated without cause within 12 months following the change in control.
- ✓ **Strongly discourage hedging and pledging of Garmin securities:**
We strongly discourage Named Executive Officers from engaging in transactions pursuant to which they would hedge the economic risk of Garmin stock ownership or pledge Garmin securities as collateral for a loan. According to the Garmin Ltd. Statement of Insider Trading Policy, any Named Executive Officer or other insider who wishes to enter into such a hedging or pledging transaction must first pre-clear the proposed transaction with Garmin's Compliance Officer. During each of 2013, 2014 and 2015 none of our Named Executive Officers or Board members engaged in any hedging or pledging transactions with respect to Garmin shares.

What We Don't Do

- ✗ **No severance agreements:**
We do not have severance agreements with any of our Named Executive Officers that would require us to make cash payments upon termination of their employment.
- ✗ **No cash payments upon change in control:**
We do not have any separate change in control agreements that would obligate us to make any cash payments to any Named Executive Officers upon a change of control.
- ✗ **No tax gross-ups:**
We do not provide tax gross-ups or reimbursements to Named Executive Officers (except as provided pursuant to our standard relocation practices).
- ✗ **No executive perquisites:**
We do not provide perquisites to any of our Named Executive Officers that are not otherwise provided to other employees of the Garmin entity where they are employed.
- ✗ **No annual cash bonuses:**
We do not pay material annual cash bonuses to any of our Named Executive Officers.
- ✗ **No post-retirement benefit plans. No supplemental executive retirement plans.**
We do not have any post-retirement benefit plans that would provide post-retirement benefits to any of our Named Executive Officers. We do not have any supplemental executive retirement plans.
- ✗ **No repricing or backdating of underwater equity awards**
We do not reprice or backdate any underwater equity awards.

Engagement with our Shareholders

Garmin seeks shareholder input on executive compensation matters through an annual advisory vote on executive compensation in accordance with U.S. securities laws. In addition, the maximum aggregate compensation of our Executive Management (which consists of our CEO and CFO) and the maximum aggregate compensation of our Board of Directors are each subject to an annual binding vote in accordance with Swiss law.

Consideration of Last Year's "Say on Pay" Vote

Garmin provides its shareholders with an annual, advisory "say on pay" vote. At Garmin's 2015 Annual General Meeting of Shareholders, in an advisory, non-binding vote, over 98% of the shares voted were voted in favor of approval of the compensation of Garmin's Named Executive Officers. Although this was only an advisory vote and the results were not binding on Garmin or the Compensation Committee, the Compensation Committee reviewed and considered the results. Taking into account the strong support demonstrated by our shareholders, the Committee was encouraged to continue its practices in determining executive compensation. The next vote on the frequency of "say on pay" votes will be held at our annual general meeting in 2017.

How We Determine Executive Compensation

Role of the Compensation Committee

Our Compensation Committee is comprised of four independent directors, as defined under NASDAQ Marketplace Rules. The Compensation Committee oversees the design and administration of Garmin's executive compensation programs and evaluates these programs against competitive practices, legal and regulatory developments and corporate governance trends. In making compensation decisions, the Compensation Committee considers each executive's performance and other relevant factors, including the scope of each executive's position and responsibilities, the achievement of Company

goals, the current business environment and anticipated changes, executive retention and recruitment considerations, the mix of fixed compensation (e.g. base salary) versus variable compensation (e.g. short and long-term incentives), the level of past compensation adjustments and the level of risk associated with the executives' total direct compensation package.

The Compensation Committee discusses and determines the compensation of Dr. Kao and Mr. Pemble without them being present.

Role of Management

Mr. Pemble, our Chief Executive Officer, discusses with the Compensation Committee compensation recommendations for each of the executives, other than his own compensation. Mr. Pemble attended meetings of the Compensation Committee in 2014 to discuss 2015 executive compensation matters, but he is not a member of the Compensation Committee and

does not vote on Compensation Committee matters. Mr. Pemble was not present for certain portions of Compensation Committee meetings, such as when the Compensation Committee discussed his own performance and individual compensation.

Role of Compensation Consultant

The Compensation Committee engaged Meridian Compensation Partners, LLC ("Meridian") in 2014 to recommend a comparator group of companies whose executive compensation programs could be compared to that of Garmin. Meridian recommended a different and more focused comparator group than the comparator groups that were identified by a prior compensation consultant in 2012. Following discussions between Meridian and the Compensation Committee, the final comparator group

was agreed upon, and Meridian prepared a competitive assessment of Garmin's executive compensation program compared to the executive compensation programs of the companies included in the comparator group. This data was considered when setting 2015 base salaries and granting equity compensation awards in December 2014 and December 2015 to Named Executive Officers.

Comparator Group Reviewed When Setting 2015 Named Executive Officers' Base Salaries and Equity Compensation Awards Granted to Named Executive Officers in December 2014 and December 2015

As stated above, the Compensation Committee engaged Meridian in 2014 to assist the Compensation Committee with developing a focused comparator group. Meridian identified a pool of 45 potential candidates to include in the comparator group, taking into account company size, market capitalization, revenue and industry, among other factors. Following discussion between Meridian and Garmin's Compensation Committee, the list of candidates was refined and finalized to consist of the following companies:

Adobe Systems Inc.	NCR Corp.
Ametek Inc.	NetApp, Inc.
Autodesk, Inc.	Netflix, Inc.
Belden Inc.	Red Hat Inc.
Cerner Corporation	Rockwell Collins Inc.
Citrix Systems, Inc.	SanDisk Corp.
Esterline Technologies Corp.	Sensata Technologies Holding NV
FEI Company	SunEdison, Inc.
FLIR Systems, Inc.	Toro Co.
GoPro, Inc.	Trimble Navigation Limited
Harman International Industries, Inc.	Visteon Corporation
National Instruments Corporation	

The Compensation Committee used the comparator group's executive compensation data primarily to assess the overall competitiveness of Garmin's compensation programs and to obtain information on compensation trends. This data was considered by the Compensation Committee when setting 2015 base salaries for Named Executive Officers and granting equity

compensation awards to Named Executive Officers in December 2014 and December 2015. However, Garmin does not attempt to set compensation to meet specific benchmarks, such as targeting a specific percentile of a compensation component paid by one or more comparator groups.

Current Year's Performance: Salary and Annual Incentives

Base Salary

We believe that a competitive base compensation program is an important factor in attracting, motivating and retaining talented associates at all levels of the organization. We determine base compensation levels based generally on assessment of performance, internal equity considerations, the

level of past compensation adjustments and market information obtained primarily through recruiting, retention and networking. Executives are paid a base salary as compensation for the performance of their primary duties and responsibilities.

EXECUTIVE COMPENSATION MATTERS

The base salary for Garmin's Executive Chairman and Chief Executive Officer is determined annually by the Compensation Committee. The Compensation Committee's deliberations regarding the base salary of each of the Executive Chairman and the Chief Executive Officer are made without the Executive Chairman or Chief Executive Officer being present.

The base salary for each of the other Named Executive Officers is reviewed annually and is based upon the recommendation of Mr. Pemble and the

The following table shows the base salary of each of the Named Executive Officers in 2013, 2014 and 2015 (except for Mr. Boessen, who first became a Named Executive Officer in 2014):

Name	2013		2014		2015*	
Dr. Kao	\$	350,000	\$	350,000	\$	350,000
Mr. Pemble	\$	650,000	\$	665,002	\$	680,000
Mr. Boessen		N/A	\$	550,000**	\$	557,000
Mr. Etkind	\$	515,000	\$	527,000	\$	540,000
Mr. Bartel	\$	467,000	\$	478,003	\$	490,000
Mr. Munn	\$	443,012	\$	453,002	\$	464,000

* The 2015 base salaries shown in this table for Dr. Kao and Messrs. Boessen, Bartel and Munn are slightly different from the amounts shown in the Summary Compensation Table on page 42 because the amounts each of them actually received during 2015 (as shown in the Summary Compensation Table) were slightly lower than their base salaries (shown in this table) due to a change in Garmin International, Inc.'s payroll schedule.

** Annualized. Mr. Boessen began his employment with Garmin on June 2, 2014.

Annual Incentive and Bonus Awards

Garmin does not offer an annual cash bonus program. In 2015, Garmin's Named Executive Officers, including the Executive Chairman and the Chief Executive Officer, each received a U.S. \$256 annual holiday cash bonus (or its equivalent in Swiss francs in the case of Mr. Etkind). This is the same annual holiday cash bonus that was paid to other employees of Garmin's US and European subsidiaries.

Long-Term Performance: Restricted Stock Units and Stock Options

Garmin's management and Compensation Committee believe that stock ownership is the most important element in achieving the goals of Garmin's compensation program. Stock ownership aligns the long-term interests of associates with those of shareholders, provides long-term retention incentive, and ties compensation to performance through the creation of shareholder value. While Garmin does not require a specific level of stock ownership for our associates, Garmin encourages stock ownership by offering a variety of stock compensation programs.

The form and amount of stock compensation awarded to each executive is determined by the Compensation Committee based primarily on the recommendation of Mr. Pemble (other than with regard to his own compensation) and the executive's individual duties and responsibilities, experience and overall performance. Factors considered by the Compensation Committee in evaluating individual performance include the executive's overall performance, the executive's performance relative to his peers within Garmin, the nature and scope of the executive's position and responsibilities, the executive's past compensation adjustments and retention considerations and the current business environment.

Time-Based Vesting Restricted Stock Units

It is Garmin's practice to grant stock in the form of full value RSUs that vest over a specified time period, which provides a long-term retention incentive, aligns the interests of associates with those of other shareholders and encourages an appropriate degree of risk-taking that is consistent with long-term growth. The total value of each RSU grant is generally linked to the assessment by management, and approval by the Compensation Committee, of the value of individual performance of the recipient and its contribution to Garmin's overall performance. Since individual and Company performance are the primary drivers in determining the amounts of specific awards of RSUs, we believe that time vesting alone is

the appropriate structure to achieve the objectives described above. The value of RSUs increases over time only if our share price increases, which serves to encourage improved Company performance and long-term value creation, thereby benefitting all of our shareholders. While RSUs are dependent upon share price appreciation for increased value, they also offer downside risk protection because they continue to have value even if the share price declines from the price on the date of grant. RSUs have been Garmin's primary means of long term incentive compensation since the end of 2008.

The following table shows the grant date fair value in U.S. dollars of the RSUs awarded to each of the Named Executive Officers (other than Dr. Kao) in 2013, 2014 and 2015 (as applicable with respect to each Named Executive Officer):

Name	2013 RSUs		2014 RSUs		2015 RSUs	
Mr. Pemble	\$	441,189	\$	593,838	\$	608,683
Mr. Boessen		N/A	\$	191,927	\$	196,685
Mr. Etkind	\$	195,023	\$	191,927	\$	196,685
Mr. Bartel	\$	195,023	\$	191,927	\$	196,685
Mr. Munn	\$	185,750	\$	182,753	\$	187,323

Time-Based and Performance-Based Vesting Restricted Stock Units

In 2015 the Compensation Committee granted RSU awards under the Company's 2005 Equity Incentive Plan to certain employees, including Named Executive Officers, whose vesting is contingent upon the achievement of certain fiscal year revenue and profitability targets established by the Compensation Committee, as well as on time-based vesting requirements ("PC-RSUs"). The Compensation Committee granted similar PC-RSU awards to certain employees, including Named Executive Officers, in 2016, and may continue to grant similar PC-RSU awards in the future. At a meeting of the Compensation Committee following the end of the fiscal year (the "Certification Date") in which the PC-RSU awards were granted, the Compensation Committee will determine whether each of the performance targets for these PC-RSU awards was achieved, and the percentage of the PC-RSUs that corresponds with the weighting attributed to each performance target that was achieved will be payable to the grantee as follows: one-third will be payable within 30 days after the Certification Date if the grantee is then still employed by the Garmin entity that employs the

grantee; one-third will be payable on the first anniversary of the Certification Date if the grantee is then still employed by Garmin entity that employs the grantee; and the remaining one-third will then be payable on the second anniversary of the Certification Date if the grantee is then still employed by Garmin entity that employs the grantee.

The Compensation Committee believes that the performance-based element of these annual PC-RSU awards further aligns the interests of Garmin's Named Executive Officers and other key employees with the interests of Garmin's shareholders, and that the time-based element will further the objective of retaining Named Executive Officers and other key employees.

The following table shows the grant date fair value in U.S. dollars of the PC-RSUs awarded to each of the Named Executive Officers (other than Dr. Kao) in 2015 (no PC-RSUs were awarded to any of the Named Executive Officers in 2014 or 2013):

Name	2013 PC-RSUs	2014 PC-RSUs	2015 PC-RSUs
Mr. Pemble	N/A	N/A	\$ 598,018
Mr. Etkind	N/A	N/A	\$ 193,258
Mr. Boessen	N/A	N/A	\$ 193,258
Mr. Bartel	N/A	N/A	\$ 193,258
Mr. Munn	N/A	N/A	\$ 184,069

The performance targets and percentage weighting for the 2015 PC-RSUs were as follows:

Applicable Performance Target	Target Level	Target Percentage Weighting	Actual Percentage Achieved
2015 Fiscal Year Revenue	U.S. \$2.95B	40%	40% if target achieved; 0% if not
2015 Fiscal Year Operating Income \$	U.S. \$691M	30%	30% if target achieved; 0% if not
2015 Fiscal Year Operating Margin %	23.4%	30%	30% if target achieved; 0% if not

On the Certification Date in February 2016, the Compensation Committee determined that none of the performance targets for the 2015 PC-RSU awards were achieved. This means that, although the grant date fair value of the PC-RSU awards is included in the Summary Compensation Table below in accordance with applicable regulations and accounting standards, none of the 2015 PC-RSUs will actually be paid to any of the Named Executive Officers.

Stock –Settled Stock Appreciation Rights ("SARs")

In December 2013 and December 2014, the Compensation Committee decided to grant our Chief Executive Officer and Chief Financial Officer (Mr. Pemble and our former Chief Financial Officer, respectively, with respect to 2013, and Mr. Pemble and Mr. Boessen, respectively, with respect to 2014) SARs instead of stock options, because the Compensation Committee believed that SARs more effectively manage equity dilution and share usage, while still strongly linking the earnings of our Chief Executive Officer and Chief Financial Officer with the interests of shareholders.

The following table shows the grant date fair value of the SARs awarded to Mr. Pemble in 2013, and to each of Mr. Pemble and Mr. Boessen in 2014 (none of the other Named Executive Officers were granted SARs in 2013 or 2014, and no SARs were granted to any Named Executive Officer in 2015):

Name	2013 SARs	2014 SARs	2015 SARs
Mr. Pemble	\$ 493,298	\$ 427,368	N/A
Mr. Boessen	N/A	\$ 157,461	N/A

The Compensation Committee decided not to grant SARs to Mr. Pemble or Mr. Boessen, or any other Named Executive Officer, in 2015 because the Compensation Committee believes that the performance-based element of the time-based and performance-based vesting restricted stock units described above is well suited to achieve the objective of further aligning the interests of Garmin's Chief Executive Officer, Chief Financial Officer and other Named Executive Officers with the interests of Garmin's shareholders.

Employee Stock Purchase Plan

Garmin offers a discounted stock purchase plan to employees. This plan allows employees to purchase Garmin shares at a per share price equal to 85% of the lesser of (a) the per share closing price of Garmin's shares on the last stock trading day of the offering period, and (b) the per share closing price of Garmin's shares on the first stock trading day of the offering

period. Named Executive Officers can participate in this program under the same terms and conditions as all other employees. No employee, including Named Executive Officers, may contribute more than 10% of his or her salary to the plan or purchase more than U.S. \$25,000 worth of Garmin shares under the plan in any one calendar year.

Benefits; Retirement Contributions

Garmin's Named Executive Officers participate in the same benefits and are covered by the same plans on the same terms as provided to all employees of the Garmin entity by which they are employed. For Garmin's U.S. employees, Garmin matches employee contributions to Garmin's Retirement Plan and makes an additional employer contribution to this plan. In 2015, for all U.S. employees, including the Named Executive Officers employed by Garmin in the U.S., (a) for every dollar the employee contributed to the plan up to 10% of the employee's salary, Garmin contributed 75 cents, and (b)

Garmin made an additional contribution equal to 5% of the employee's salary, whether or not the employee contributed to the plan. For 2015, no salary in excess of U.S. \$265,000 was taken into account for either of the foregoing contributions. In 2011, Garmin's Vice President, General Counsel and Corporate Secretary, Mr. Etkind, relocated from the U.S. to Switzerland and has since been employed by Garmin in Switzerland. In 2015 Garmin made contributions to Mr. Etkind's Swiss pension plan account in accordance with Swiss law.

Other Considerations

Executive Ownership; Policies Regarding Hedging and Pledging of Garmin Securities

Garmin does not have formal executive stock ownership guidelines. However, Garmin executives have received in recent years a large portion of their total direct compensation in Garmin, time-based restricted stock units and stock options, and, as set forth in the "*Stock Ownership of Certain Beneficial Owners and Management*" table on page 11 of this Proxy Statement, each of the Named Executive Officers owns a significant number of Garmin shares.

Pursuant to the Garmin Ltd. Statement of Insider Trading Policy, Garmin strongly discourages the Named Executive Officers and other insiders from engaging in transactions pursuant to which they would hedge the economic risk of Garmin stock ownership or pledge Garmin securities as collateral for a loan. According to the Garmin Ltd. Statement of Insider Trading Policy, any Named Executive Officer or other insider who wishes to enter into such a hedging or pledging transaction must first pre-clear

the proposed transaction with Garmin's Compliance Officer. Any such request for pre-clearance of a hedging, pledging or similar arrangement must be submitted to the Compliance Officer at least two weeks prior to the proposed execution of documents evidencing the proposed transaction and must set forth a justification for the proposed transaction. During each of 2013, 2014 and 2015, none of our Named Executive Officers or Board members engaged in any hedging or pledging transactions with respect to Garmin shares. The Garmin Ltd. Statement of Insider Trading Policy also provides for quarterly black-out periods related to Garmin's quarterly earnings and other potential event specific black-out periods during which "Covered Persons", including Garmin directors, officers and designated employees who regularly come into contact with material nonpublic information, may not engage in transactions involving Garmin shares (other than pursuant to a qualified Rule 10b5-1(c) Trading Plan).

Adjustment or Recovery of Awards or Payments

In the event of an accounting restatement of Garmin's financial statements due to misconduct resulting in Garmin's material noncompliance with financial reporting requirements under securities laws, the Compensation Committee has the discretion to require reimbursement or forfeiture of any performance-based compensation received by any Named Executive Officer or other covered employee during the three-year period preceding the date on which Garmin is required to prepare an accounting restatement. In determining the amount to be recovered, the Compensation Committee may consider, in addition to other factors, the excess of the performance-based compensation paid to the covered employee based on the erroneous data over the performance-based compensation that would have been paid to the covered employee had it been based on the restated results, as determined by the Compensation Committee.

In addition, each of the Named Executive Officers has entered into an agreement with Garmin that include a provision that the Named Executive Officer agrees and consents to forfeiture or required recovery or reimbursement obligations of Garmin with respect to any compensation paid to the Named Executive Officer that is forfeitable or recoverable by Garmin pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 ("Dodd-Frank") and in accordance with Garmin policies and procedures adopted by the Compensation Committee in order to comply with Dodd-Frank, as the same may be amended from time to time.

Tax and Accounting Considerations

The Compensation Committee reviews projections of the estimated accounting and tax impact of all material elements of the executive compensation program. Generally, an accounting expense is accrued over the requisite service period of the particular pay element (generally equal to the performance period) and Garmin realizes a tax deduction upon the payment to/realization by the executive.

Section 162(m) of the United States Internal Revenue Code (the "Code") generally provides that publicly-held corporations may not deduct in the United States any one taxable year compensation in excess of U.S. \$1 million

paid to the Chief Executive Officer and certain other highly compensated executive officers unless such compensation qualifies as "performance-based compensation" as defined in the Code and related tax regulations. While the Compensation Committee considers the deductibility of awards as one factor in determining executive compensation, the Committee also looks at other factors in making its decision, as noted above, and retains the flexibility to grant awards it determines to be consistent with Garmin's objectives for its executive compensation program even if the award is not deductible by Garmin for tax purposes.

Severance Agreements

Garmin does not have severance agreements with any of its Named Executive Officers.

Change-in-Control Benefits

If a Named Executive Officer's employment is terminated without cause, or the executive resigns with good reason, within twelve months following a change in control of Garmin, all of the executive's unvested stock options and stock appreciation rights (SARs) would immediately become exercisable and all of the executive's unvested RSUs and performance shares would immediately become payable.

If a Named Executive Officer's employment is terminated without cause, or the executive resigns with good reason, after the Certification Date for PC-RSUs and within twelve months following a change in control of Garmin, all of the executive's PC-RSUs that were earned pursuant to the performance-based vesting element but not yet vested due to the time-based vesting element would immediately become payable. If the executive's employment is terminated without cause, or the executive resigns with good reason, prior to the Certification Date and within twelve months after the change in control of Garmin, then all of the executive's PC-RSUs that would have been earned as of the Certification Date pursuant to the performance-based element but for the termination of employment will become immediately payable.

Such accelerated vesting is the only benefit that would be received by the executives upon a change in control, and such benefit would also be received by all other Garmin employees who own unvested stock options, SARs, RSUs, PC-RSUs or performance shares. This change-in-control protection is designed to provide adequate protection for executives so that they may focus their efforts on effective leadership, rather than significant compensation loss, during a time that Garmin is considering or undertaking a change in control.

The Compensation Committee reviewed and discussed with management this "Compensation Discussion and Analysis" section of this Proxy Statement. Based upon such review and discussion, the Compensation Committee recommended to the Board that the "Compensation Discussion and Analysis" section be included in this Proxy Statement.

For PC-RSUs, that amount assumes all performance conditions will be met and is calculated by multiplying the closing price of Garmin shares on the NASDAQ stock market on the date of grant discounted in accordance with accounting requirements to reflect that dividend equivalents are not paid on the RSUs, then multiplied by the number of shares to be awarded. For RSUs, that amount is calculated by multiplying the closing price of Garmin shares on the NASDAQ stock market on the date of grant discounted in accordance with accounting requirements to reflect that dividend equivalents are not paid on the RSUs, then multiplied by the number of shares to be awarded. For additional information on the valuation assumptions with respect to the 2015 grants, refer to Note 9 of Garmin's financial statements in the Form 10-K for the fiscal year ended December 26, 2015, as filed with the SEC.

POTENTIAL POST-EMPLOYMENT PAYMENTS

None of the Named Executive Officers has a severance agreement with Garmin. In the event that (a) a Named Executive Officer dies or becomes disabled, or (b) a Named Executive Officer's employment is terminated without cause, or a Named Executive Officer resigns with good reason, within twelve months following a change of control of Garmin, all of the Named Executive Officer's unvested stock options and stock appreciation rights would immediately become exercisable and all of the Named Executive Officer's unvested RSUs and performance shares would immediately become payable. Such accelerated vesting is the only benefit that would be received by a Named Executive Officer upon a change in control and such benefit would also be received by all other employees of Garmin or its subsidiaries who own unvested stock options, stock appreciation rights, restricted stock units or performance shares.

If a Named Executive Officer's employment is terminated without cause, or the executive resigns with good reason, after the Certification Date for PC-RSUs and within twelve months following a change in control of Garmin, all of the executive's PC-RSUs that were earned pursuant to the performance-based vesting element but not yet vested due to the time-based vesting element would immediately become payable. If the executive's employment is terminated without cause, or the executive resigns with good reason, prior to the Certification Date and within twelve months after the change in control of Garmin, then all of the executive's PC-RSUs that would have been earned as of the Certification Date pursuant to the performance-based element but for the termination of employment will become immediately payable.

The following table lists the estimated current value of such acceleration of vesting:

To be properly brought before the Annual Meeting, a proposal must be either (i) specified in the notice of the meeting (or any supplement thereto) given by or at the direction of the Board, (ii) otherwise properly brought before the meeting by or at the direction of the Board, or (iii) otherwise properly brought before the meeting by a shareholder, and the proposal must be a proper subject for shareholder action under Swiss law.

If a holder of Garmin shares wishes to present a proposal for inclusion in Garmin's Proxy Statement for next year's annual general meeting of shareholders, such proposal must be received by Garmin on or before December 28, 2016. Such proposal must be made in accordance with Rule 14a-8 promulgated by the SEC and the interpretations thereof. In order for a shareholder proposal that is not included in Garmin's Proxy Statement for the 2016 annual general meeting to be properly brought before the meeting, such proposal must be delivered to the Corporate Secretary and received at Garmin's executive offices in Schaffhausen, Switzerland no later than January 25, 2017, and specify the relevant agenda items and motions, together with evidence of the required shareholdings recorded in the share register, and must also comply with the procedures outlined in this Proxy Statement under the heading "Nominating and Corporate Governance Committee." The determination that any such proposal has been properly brought before such meeting is made by the director presiding over such meeting.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires Garmin's directors, executive officers and certain other officers, and persons, legal or natural, who own more than 10 percent of Garmin's shares (collectively "Reporting Persons"), to file reports of their ownership
