

SAFETY RECALL NOTICE

Service Alert NO.: 0924

TO: All 2009 BlueChart® G2 and BlueChart G2 Vision® customers
DATE: 03 June 2009
SUBJECT: BlueChart g2 and BlueChart g2 Vision Version 2009 Recall

AFFECTED PRODUCTS

2009 versions of BlueChart g2 in Garmin card format, BlueChart g2 in microSD/SD card format and BlueChart g2 Vision in microSD™/SD™ card format. If you purchased any BlueChart g2 or BlueChart g2 Vision cards since April 8, 2009, please read this Recall Notice to see if your product is affected.

(See Attachment "A" for complete list of cards and identification procedures.)

DESCRIPTION OF SAFETY ISSUE

In certain waters, there are inaccuracies and/or omissions in the way that this specific version of charting presents depth contours and depth areas, resulting in the depiction of water depth as deeper than the actual depth under certain display conditions. This may lead to boats going aground which, in certain circumstances, could lead to risk of personal injury.

IMMEDIATE ACTION REQUIRED

1. **Do not use the affected cards for navigation.**
2. Return affected products to Garmin for replacement.

OBTAINING REPLACEMENT CARDS

Any customer who owns a BlueChart g2 or BlueChart g2 Vision v2009 card will receive a free replacement BlueChart or BlueChart g2 Vision card v2008.5 (dated July 2008) When the latest version of BlueChart g2 and BlueChart g2 Vision are corrected, Garmin will make them available free of charge to affected customers.

Customers in the United States: Please contact your retailer or contact Garmin directly at 1-800-800-1020, www.garmin.com/support, or by e-mail at cartography@garmin.com.
