

**GARMIN (EUROPE) LTD.
GENERAL TERMS AND CONDITIONS OF PURCHASE - UK EDITION**

The attached purchase order and these General Terms and Conditions (collectively the "Purchase Order") constitutes the entire contract between the vendor or seller named on the face thereof ("Seller") and Garmin (Europe) Ltd. ("Buyer") covering the goods and/or services described therein. Seller's acceptance is limited to the terms and conditions stated herein, without any modification, addition or alteration. Any terms or conditions contained in Seller's quotations, acknowledgments, invoices or any other documents that are different from, or in addition to, the terms and conditions hereof are hereby excluded. Seller's commencement of work on such goods or services, or shipment of any of the goods, constitutes Seller's acceptance of all of the terms and conditions hereof, whether or not Seller has acknowledged the Purchase Order. Buyer shall have no obligation to place Purchase Orders with Seller, which decision shall be in Buyer's sole discretion.

TERMS AND CONDITIONS

1. CHANGES

Buyer may by a written change order make changes in any one or more of the following: (1) method of shipment or packaging; (2) place or time of inspection, delivery, or acceptance; (3) the quantity and/or type of services ordered; and (4) the work or service/product delivery schedules. If any such change causes an increase or decrease in the cost of, or time required for, performance of this order, an equitable adjustment shall be made in the price or delivery schedule or both and this order shall be modified accordingly. No claim by Seller for adjustment hereunder shall be allowed unless made in writing for a specified amount within twenty (20) days from the date notice of any such change is received by Seller. If Seller considers that the conduct, statement or direction of any of Buyer's employees constitutes a change hereunder, Seller shall notify Buyer and take no action on the perceived change pending written approval of Buyer.

2. CANCELLATION

(a) Buyer may, for its sole convenience, upon notice to Seller and without liability to Buyer and without prejudice to any other rights Buyer may have, cancel this contract and any outstanding deliveries or Orders hereunder:

- 1) As to standard products of Seller not then shipped hereunder at any time prior to shipment;
- 2) As to services at any time at Buyer's discretion;
- 3) or if:
 - (i) The Seller, being a company, passes a resolution for winding up (other than for the purposes of a solvent reconstruction or amalgamation where the resulting entity assumes all of the obligations under the Purchase Order of the Seller) or a court makes a winding up order in respect of the Seller or the Seller has a receiver, administrative receiver, manager or administrator appointed of all or part of its undertaking and assets;
 - (ii) Seller makes a general assignment for the benefit of creditors;
 - (iii) Any other action or proceeding is commenced by or against Seller under any insolvency or bankruptcy law, or under any other statute or regulation having as its purpose the protection of creditors;
 - (iv) Seller ceases or threatens to cease to carry on its business or is unable to pay its debts or becomes bankrupt or insolvent (within the meaning of the Insolvency Act 1986) or makes or proposes to make any arrangement or composition with its creditors;
 - (v) Seller (being a natural person) dies or (being a partnership or other unincorporated association) is dissolved; or
 - (vi) Seller suffers any analogous event to those set out in this clause in any other jurisdiction.

If an event described in (3) of this section occurs, Seller shall immediately stop all work hereunder and shall immediately terminate orders and subcontracts arising hereunder. Further, in such event Buyer may, at Buyer's sole election, pay Seller its actual direct out-of-pocket costs to date of cancellation, as approved by Buyer, in which event the goods shall be the property of Buyer and Seller shall safely hold the same subject to receipt of Buyer's shipping instructions. The termination of this Purchase Order for

any reason is without prejudice to any rights or obligations which have already accrued before the date of termination.

- (b) In the event of Buyer termination of individual purchase orders for assemblies, Seller will provide to Buyer an itemized bill of material. The cost of WIP (work in process) will be calculated by totaling the raw material, labor, and other itemized and reasonable costs associated with the order termination. Seller shall in good faith assure that the itemized bill is a result of Buyer's induced parts obsolescence or overage. Such costs may or may not include reasonable claims from third party suppliers. In addition, Seller will also take reasonable steps to divert the raw material inventory to other work orders to minimize a claim against Buyer.

3. TAXES

Unless otherwise provided in the Purchase Order, prices shown on the Purchase Order are deemed to include all taxes not expressly imposed by law on the buyer of the goods ordered hereunder. Seller shall separately state on all invoices the applicable value added or sales taxes imposed by all applicable governments, unless an exemption is available.

4. PAYMENT TERMS AND PRICE

Payment terms are net 30 days end of month from the date of invoice, unless other payment terms, including cash discounts, are agreed upon in writing and stated in the Purchase Order. Purchase Order numbers must be quoted on the invoice for payment to be processed. Time allowed by Seller for payment of invoices or for accepting a cash discount shall commence on the date of invoice. Buyer shall not be responsible for delay in receipt of Seller's invoices. Items not priced in the Order will be supplied to Buyer at the lowest price charged by Seller for an equal quantity of the items, and shall not exceed current prices quoted or charged to any other customer of Seller for similar items and quantities. Seller will refund to Buyer any amounts paid in excess of such price.

5. FREIGHT TERMS AND RISK OF LOSS / TITLE

Notwithstanding any provision hereof to the contrary, title to and risk of loss of the goods shall remain with Seller until the goods are delivered DDP (Delivered Duty Paid) at the point specified in this Purchase Order, or if no such point is specified, when the goods are accepted by Buyer's quality assurance inspection. Charges for packing, hauling, storage, insurance or transportation are included in the price unless otherwise specified in the Purchase Order. In a case of premium freight required to expedite delinquent deliveries as a result of Seller's delay, the cost difference between premium and standard freight shall be borne by the Seller.

6. SHIPMENT AND INSPECTION

Shipping documents must show the Purchase Order number. The terms and routing of shipment shall be as provided in the Purchase Order. Buyer may revise shipping instructions as to any goods not then shipped. Buyer shall have the right to inspect any and all of the goods at Seller's plant or upon Buyer's receipt at Buyer's election, which right shall be exercisable notwithstanding Buyer's having paid for the goods prior to inspection. In the event any surveillance inspection or test is made by Buyer or any governmental entity, such as the United Kingdom Civil Aviation Authority, the European Aviation Safety Agency and the United States Federal Aviation Administration (in the case of items which will be used in an aviation product) on the premises of the Seller, the Seller shall, without additional charge, provide all reasonable facilities and assistance for the safety and convenience of the inspector(s) in the performance of their duties. Buyer, by reason of its failure to inspect the goods shall not be deemed to have accepted any defective goods or goods which do not conform to the specifications therefor or to have waived any of Buyer's rights or remedies arising by virtue of such defects or non-conformance. If any of the goods are defective or otherwise not in exact accordance with the requirements of this Purchase Order, including any blueprints, specifications, samples or instructions issued in connection herewith, Buyer, without prejudice to any of its other rights, may reject the goods for full credit or may fix the goods at Seller's expense or may require prompt correction or replacement thereof by Seller or Buyer's designee at Seller's expense. Should Seller's goods require rework for acceptance in accordance with the terms of this Purchase Order, Buyer reserves the right to require, and Seller agrees to pay to Buyer, compensation for reasonable charges to perform the rework.

7. TIMELINESS

TIME IS OF THE ESSENCE IN DELIVERING GOODS OR SERVICES UNDER A PURCHASE ORDER. Seller shall use its best efforts to make deliveries as expeditiously as possible. All shipments of goods and performance of services must be provided to Buyer in accordance with the time specified in the Order. In the event of any delayed shipments or performance, all additional expenses to which Buyer may be subjected shall be borne by the Seller. If Buyer believes that a delay or anticipated delay in Seller's deliveries or performance may impair its ability to meet its production schedules or may otherwise interfere with its operations, Buyer may at its option, and without liability to Seller, cancel any outstanding deliveries hereunder wholly or in part. Such remedy shall not be deemed to be the exclusive remedy for Seller's delay or non-performance, but shall be in addition to and without prejudice to all other remedies available to Buyer as provided for herein, at law, or in equity.

8. QUALITY ASSURANCE

Seller and/or the manufacturer of the items provided under the Purchase Order agree to establish and maintain a formal quality program and comply with the following requirements:

- (g) A copy of Seller's and/or the manufacturer's current quality control manual will be provided to Buyer if it has been included in the requirements of the Purchase Order.
- (h) Buyer reserves the right to conduct surveillance of Seller's and/or the manufacturer's facilities for the purpose of assuring compliance. Seller and/or the manufacturer are also subject to governmental surveillance or inspection, such as surveillance by the United Kingdom Civil Aviation Authority and the United States Federal Aviation Administration, when the items contained in the Purchase Order will be used in an aviation product.
- (i) If Seller receives a change in status to an active certificate(s) that was provided to Garmin as part of the Supplier Risk Assessment ([FRM-0006](#)), Seller is required to provide written notice to Garmin within five (5) business days of the change. If Seller fails to inform Garmin that they have a change of status to active certificates, it may result in Garmin charging back the Seller for any material and costs incurred due to the change in status.
- (j) With respect to any goods sold to Garmin which will be used in aviation products and which have received, or are subject to, certification, authorization or approval by a governmental authority (e.g. FAA Technical Standard Orders (TSO) Authorization), Seller shall provide Garmin, its representatives, designees and/or customers access to all certification and design data reasonably required by Garmin, its representatives, designees and/or customers to (i) determine airworthiness and (ii) complete aircraft level approvals for such goods. Seller in the production of materials for any third party without Buyer's written consent. Such designs and the like involve valuable property rights of Buyer and shall be held confidential by Seller and shall not be used by Seller in the production of materials for itself or any third party without Buyer's written consent.

- (b) Unless otherwise agreed herein, Seller at its cost shall supply all materials, equipment, tools and facilities required to perform this Purchase Order. Any materials, equipment, tools or other properties furnished by Buyer or specifically paid for by Buyer shall be Buyer's property. Any such property shall be used only in fulfilling orders from Buyer unless given written consent to the contrary by the Buyer. The tools may on demand be removed by Buyer without charge. Seller shall use such property at its own risk, and shall be responsible for all loss of or damage to the same while in Seller's custody. Seller shall, at its cost, store and maintain all such property in good condition and repair. Buyer makes no warranties of any nature with respect to any property it may furnish to Seller hereunder.
- (c) Buyer owned tooling should be permanently marked as "Property of Garmin" and shall be stored separately from Seller owned property.

13. INDEMNIFICATION / INSURANCE

Seller shall indemnify, defend and hold harmless Buyer from and against all claims, suits, actions, liabilities, damages, losses, demands, costs and expenses (including attorneys' fees) arising from, directly or indirectly, or related to: (i) any actual or alleged injury or death to any person or damage to any property; or (ii) any other damage or loss resulting in whole or in part from any alleged or actual defect in any goods supplied to Buyer by Seller, including any infringement covered in Section 15, and any costs, expenses or damages arising from any voluntary or involuntary recall or market withdrawal of any goods and/or component parts supplied by Seller.
