

# SEPTEMBER 2024 SMARTWATCH AND CYCLING COMPUTER FEATURE UPDATE

In an ongoing effort to improve our products and provide enhanced features to existing users, we are excited to announce our next feature update for smartwatches and cycling computers. The update provides improved functionality and new features for a variety of our fitness and outdoor products.

The free software updates have begun rolling out and will continue to do so over the coming weeks. Customers can update their smartwatch or cycling computer by enabling automatic updates from their devices.

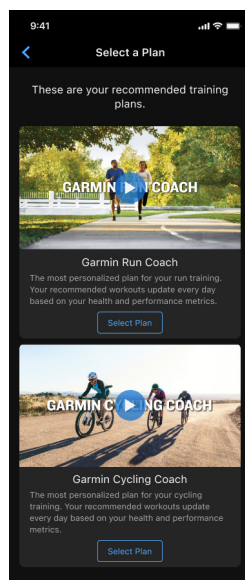

Please see the below for a few featured highlights found in this update as well as a detailed reference table at the end of the document.

## NEW FEATURES

Notable features in this software release include:

### GARMIN COACH ENHANCEMENTS

Train for an event, achieve a milestone, or improve your fitness with Garmin Coach training plans for runners and cyclists. Choose from new coaches and see your plans and progress in the Garmin Connect™ app.

### GARMIN SHARE

It's always better together — so follow the same running/riding course or workout with your friends with ease. You can now share saved locations, courses and workouts with other nearby Garmin Share compatible devices.

### POOL SWIM WORKOUT ENHANCEMENTS

Optimize your time in the water with pool workouts that include descriptive intensity targets, pace targets and defined drill types. It gets better; workouts are now easier to follow and can be adjusted for different pool sizes.

# SEPTEMBER 2024 SMARTWATCH AND CYCLING COMPUTER FEATURE UPDATE

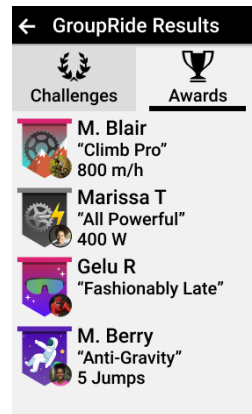

## RACE TIME PREDICTION ENHANCEMENTS

Receive more accurate race time predictions that now account for your recent fastest runs.

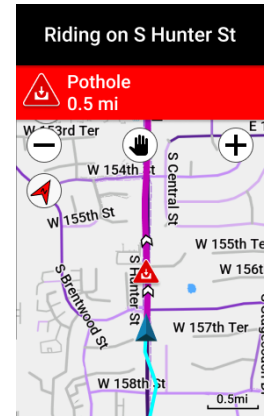

## GROUPRIDE ENHANCEMENTS

The GroupRide feature<sup>1</sup> helps you stay connected with in-ride messaging, live locations and incident detection alerts<sup>2</sup> for other riders in the GroupRide; plus, add fun and competition with in-ride leaderboards for climbs and postride awards. These features are available for Edge® Explore 2, 540, 840 or 1040 series cycling computers.

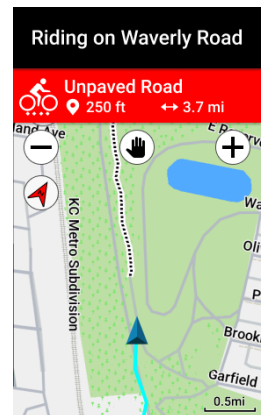

## ROAD HAZARDS

Get alerts for road hazards reported by fellow cyclists, and contribute your own edits<sup>1</sup> on Edge® 540, 840 or 1040 series cycling computers.

## ROAD SURFACE TYPE

See paved or unpaved roadways on a compatible Edge while riding and get alerts for upcoming unpaved sections.
